## RASKOB TAKES STAND IN QUIZ ON STOCK DEALS

Tells About His Transactions  
in General Motors Com-  
mon Since 1928

**PUBLICITY MAN CALLED**  
Says He Had Thousands of  
Shares Available for Hand-  
ling Pools' Ballyhoo

Washington—(AP)—The senate  
banking committee was told by its  
counsel today that John J. Raskob  
sold General Motors stock short  
while he was an officer of the corporation.

Raskob, who is chairman of the  
Democratic national committee, pre-  
sented an itemized statement of  
three accounts and said that "at no  
time will you find I sold General Motors  
stock except on what might be  
called two technical occasions."

These times, he said, were in 1923  
and in August, 1930, when he sold  
10,000 shares "which I couldn't de-  
liver for about six weeks."

William A. Gray, committee counsel,  
charged that March 10, 1923,  
Raskob sold 40,000 shares short at  
\$59.

"I sold them, but not short," Raskob  
retorted.

A little earlier, David Lion, had  
told the committee how he made  
more than half a million dollars out  
of stock that had been put at his  
disposal without cost in return for  
publicity he had handled for stock pools.

He testified that during 1923, 1929  
and 1930 stock worth \$5,000,000 was  
placed at his disposal without any  
payment by him and that he made  
half a million dollars from it. He  
was handling publicity for the stock  
which broke up in his account.

**Paid For Publicity**  
Lion said his publicity was han-  
dled through a man he employed for  
radio speeches and through news-  
paper writers, to some of whom he  
gave the disposition of stocks and to  
others cash.

While the publicity man was being  
questioned, John J. Raskob—the  
Democratic national chairman—sat  
among the spectators waiting to be  
examined about his dealings in General  
Motors stock.

William A. Gray, committee counsel,  
announced that Raskob has been  
called for questioning in connection  
with his "personal transactions in  
General Motors."

Gray would not elaborate on the  
reasons for calling the head of the  
Democratic national committee.

Raskob's name has already figured  
in the inquiry as a participant in a  
\$2,000,000 pool in American company.

Gray said the committee would  
make a further investigation today  
of this pool's operations and that of  
officials of the National City bank  
would testify.

**Raskob's Operations**  
Gray said Raskob's operations in  
General Motors included "selling  
against the box" so that although he  
was an officer of the corporation he  
put himself in the position of holding  
no stock."

Selling against the box has been  
described before the committee as  
similar to short selling except that  
the seller owns stock and retains it  
while he borrows stock to cover his  
operations.

Raskob appeared in the committee  
room shortly before time for the  
hearing to get under way. He was  
asked by newspapermen why he was  
called.

"I don't know," he said. "I was  
subpoenaed to come and bring my  
records of General Motors."

"Have you been short selling that  
stock?" he was asked.

"No," he replied, smiling.

As Raskob entered the committee  
room he smiled and shook hands  
with two administration Republican  
members of the committee who  
stood near the door—Walcott of Con-  
necticut, and Townsend of Dela-  
ware.

Raskob submitted a statement

## Hausner Hops From New York To Poland

He's 67 Today

London—(AP)—King George V ate  
his 67th birthday luncheon today in  
the grandstand at the racetrack at  
Epsom Downs. Queen Mary and several  
other members of the royal family  
were there with him to see the  
races today. His majesty was flooded  
with messages of congratulation  
from all over the world.

## STOCKS, BONDS IN BRISK RALLY

Efforts to Stabilize Bond  
Prices Credited With  
Advance of Prices

New York—(AP)—Formation  
of a corporation for support of  
the bond market has been com-  
pleted, it was learned today, and  
an announcement of its details  
from offices of J. P. Morgan  
and Co. this afternoon was ex-  
pected.

New York—(AP)—Stocks and bonds  
surged up in one of the broadest  
recoveries of the year in the New  
York stock exchange today.

It was widely rumored in usually  
well informed quarters in Wall-  
street that arrangements had been com-  
pleted between leading banks to com-  
pile bond prices, and that an an-  
nouncement might be made after  
the close of the markets. It was  
understood that J. P. Morgan  
and Co. would take a prominent part  
in the drive, as it did in the formation  
of the pool which cushioned the  
break in stocks in the autumn of  
1929.

The bond stabilization effort is  
understood to have developed from  
conferences of the committee of 12  
bankers and industrialists headed by  
Owen E. Young.

Leading bankers reported that  
bribe buying appeared in the bond  
market.

Gains of \$10 to more than \$50  
per bond of \$1000 par value were  
frequent among railroad bonds, com-  
mercially those which had been sub-  
jected to heaviest pressure in re-  
cent trading sessions. Among the  
active rail bonds were New York  
Central 4s, Erie first prior lien 4s,  
Great Northern 5s and Chicago and  
Northwestern 4s.

**BARN BELIEVED BOMBED  
IN HI-JACKING BATTLE**

Green Bay—(AP)—Dynamiting and  
arson were written into the second  
chapter of the filmville  
hi-jack battle last night when the  
barn at "Camp Mera" a reputed al-  
cohol plant site, where bootleggers  
and hi-jackers were believed to have  
engaged in a gun fight a week ago  
Sunday night, was burned to the  
ground after a detonation that shook  
farms for miles around.

It is believed that the fire was  
incendiary as the farm has been de-  
serted since removal of an "alibi"  
plant the morning after the battle.  
Investigation revealed that operators  
had moved the main machinery but  
left vats and other equipment in  
their hurried departure.

Farmers of the vicinity said the  
fire was well under way before the  
explosion occurred. They added that  
two automobiles were seen at the  
camp in the afternoon. The farm  
is recorded as being owned by Ar-  
drew Blinn, Green Bay. He could  
not be reached for a statement.

**SPITALE ARRESTED FOR  
CARRYING REVOLVER**

New York—(AP)—Salvatore (Sal-  
vy) Spitale, one of three persons se-  
lected by Col. Charles A. Lindbergh  
to negotiate with underworld char-  
acters in an attempt to obtain the  
return of his kidnapped baby, was  
in the police lineup today on a  
charge of possessing a revolver.

Spitale appeared yesterday as a  
witness before a Bronx grand jury  
investigating the futile payment of  
\$200,000 ransom in the Lindbergh  
case. He was arrested early today  
when police raided the Playtime  
club. With him in the lineup were  
seven other men arrested at the  
same time. All were charged with  
acting in concert with one another  
in violation of the Sullivan law  
against possessing revolvers.

**ASKS CHARGES AGAINST  
WALKER, IF JUSTIFIED**

Albany, N. Y.—(AP)—Governor  
Roosevelt today told that it was  
the duty of the legislative committee  
and Samuel Seabury to make charges  
against Mayor Walker, "if they  
believe they have sufficient cause,"  
without waiting to make formal re-  
port to the next legislature.

## NON-STOP TRIP TO WARSAW IS FLIER'S GOAL

Will Land in London or Paris  
if Conditions Necessi-  
tate It, He Says

New York—(AP)—Stanislaus Haus-  
ner of Newark, N. J. took off for  
Warsaw, Poland, from Floyd Ben-  
nett field today at 3:46 a. m. eastern  
standard time. He hoped to make  
the flight non-stop.

It was Hausner's second start on  
the projected solo flight to the coun-  
try where he was born. Last Satur-  
day he took off but was forced back  
after several hours by unfavorable  
weather. He was followed into the  
air today by another plane in which  
his pretty young wife rode as pas-  
senger. This plane merely intended  
to escort Hausner on the first few  
miles of his journey.

In the second plane was also the  
Rev. Paul Knappke, a Newark  
priest. Hausner's plane is the old  
rebuilt Bellanca monoplane Santa  
Rosa Maria which was originally  
built for a Chicago syndicate which  
planned an ocean flight which never  
materialized.

Although Hausner's destination  
was Warsaw he said before leaving  
that if conditions necessitated he  
might make a stop at London or  
Paris. He planned to follow a course  
slightly to the south of the steamer  
lanes.

**Heads Eastward**  
Hausner's plane into the  
air after running 3,500 feet down the  
concrete runway, passing about 30  
feet over a small crowd assembled to  
see him off. As he gained altitude,  
he turned the plane around and  
headed eastward. A navy plane also  
accompanied him as an escort.

He carried 50 letters, some of  
which he planned to drop over the  
Crowley airport near London, and,  
if conditions were favorable, he  
hoped to fly over LeBourget, Paris, to  
drop some.

His plane carried 525 gallons of  
gasoline, and he took along four  
chicken sandwiches, two ham sand-  
wiches and a gallon of water.

Hausner appeared cool as he su-  
perintended the final tuning up of  
his plane.

## AMELIA CHEERED ON ARRIVAL IN PARIS

Police Have Difficulty Keep-  
ing Crowd from Carrying  
Flier Away

Paris—(AP)—Thousands of cheer-  
ing Parisians surrounded Mrs. Ap-  
lia Barthe Putnam when she reached  
here this afternoon from London  
by way of Cherbourg. The police  
had a hard time preventing the  
crowd from lifting her to their  
shoulders and carrying her off.

There were many women in the  
crowd at the station as the train  
rolled in. As it came to a halt and  
Mrs. Putnam alighted with her arms  
full of flowers the crowd swept  
the police aside and surrounded her.

"You make me very happy," she  
cried. A member of the American  
embassy staff pushed through to  
her side and led her through a path-  
way which the police succeeded in  
forming.

Mrs. Putnam hung back modestly  
as the gretters acclaimed his wife,  
but she insisted she remain at her  
side until the ceremony of welcome  
had ended and they were able to  
get away to their hotel together.

**FAVORABLE REPORT ON  
GARNER RELIEF PLAN**

Washington—(AP)—The house  
ways and means committee favor-  
ably reported the \$2,200,000,000 Gar-  
ner relief program.

Immediately thereafter, the Demo-  
cratic leadership called the party  
members to caucus at 4 p. m. to  
consider what action to take on the  
measure.

Speaker Garner said he planned  
to bring the measure up for consid-  
eration in the house Tuesday, pro-  
vided the Democratic caucus ap-  
proves.

Garner said the fact that the sen-  
ate revenue bill included a 1-cent  
gallon tax on gasoline would not  
in his opinion, have any effect on  
the one-quarter of a cent a gallon  
his relief measure proposes.

"It proposes simply a separate  
sinking fund to pay for the things  
it would authorize. I don't see any  
connection between the two taxes."

**ASKS CHARGES AGAINST  
WALKER, IF JUSTIFIED**

Albany, N. Y.—(AP)—Governor  
Roosevelt today told that it was  
the duty of the legislative committee  
and Samuel Seabury to make charges  
against Mayor Walker, "if they  
believe they have sufficient cause,"  
without waiting to make formal re-  
port to the next legislature.

## MARLENE DIETRICH'S CHILD THREATENED IN EXTORTION NOTE

Los Angeles—(AP)—Bodyguards  
watched over Marlene Dietrich,  
screen star, and her young daughter  
today following threats to kid-  
nap and harm  
the girl.

District At-  
torney Burton  
Fitts said a  
thorough in-  
vestigation of  
the threats,  
which deman-  
ded \$10,000  
would be made.  
But he ex-  
pressed the  
opinion that  
they were the  
work of  
"cheap chisellers" trying to collect  
"easy money" and who had no in-  
tention of harming the little girl,  
Maria.

Adolf Sieber, husband of the Ger-  
man actress, appeared not to be  
alarmed over the situation, leaving  
last night for the Paramount studios  
near Paris after a stay of two  
months in Hollywood on a leave of  
absence.

**War Debts  
Linked With  
Trade Meet**

Britain Thinks Issue Bound  
Up With Proposed Eco-  
nomic Parley

London—(AP)—It was indicated  
in authoritative British quarters today  
that this "country considers war  
debts and reparations to be bound  
up closely with the program of a  
proposed world economic conference  
in which the United States would  
participate after the meeting of  
June 16 at Lausanne.

This source referred to a state-  
ment by Neville Chamberlain, chan-  
cellor of the exchequer, which was  
published today, pointing out that  
such an expression by a cabinet  
member usually may be considered  
to be an expression for the govern-  
ment.

Mr. Chamberlain said:  
"I am sure that such an economic  
conference as is proposed should  
have the widest possible program,  
because it is exceedingly difficult to  
separate the factors involved and to  
say that any of them can be dealt  
with successfully while others are  
ignored."

"Monetary policy is only one of  
the factors. To obtain relief, mon-  
etary policy must be accompanied by  
renewal of confidence, and renewal  
of confidence is bound up with the  
solution of such difficulties as repara-  
tions, war debts, excessive tar-  
iffs, quotas and other restrictions on  
trade."

The Lausanne conference, I  
hope, will ease the way to final  
settlement of reparations and inter-  
allied war debts.

"But that is not enough. It is a  
first step, but it must be followed  
immediately by examination of the  
wider problems which I have men-  
tioned."

The program for the proposed  
economic conference is a subject  
for conversation between the inter-  
ested powers, but is still vague and  
indefinite. France and Italy were  
consulted yesterday and Belgium,  
Germany and Japan today.

**JOHN M'GRAW QUILTS  
AFTER 30 YEARS AS  
MANAGER OF GIANTS**

New York—(AP)—John McGraw  
today announced his resignation  
as manager of the New York  
Giants after 30 years of leader-  
ship, because of ill health. He  
will be succeeded by Bill Terry,  
the club's first baseman. McGraw  
will remain as vice president and  
stockholder.

The 59-year-old pilot of the  
Giants has been in ill health for  
some time, frequently being un-  
able to actively manage the team.  
This, plus the slump which has  
kept the Giants around last place,  
influenced McGraw to relinquish  
control.

Under McGraw's management  
the Giants won 19 National  
league pennants, four of them in  
a row, 1921-1924, and three world  
series.

## Kills Girl And Jumps Into Volcano Crater With Body

Hilo, Hawaii—(AP)—Pela, dread-  
ed fire goddess of Hawaiians, has claim-  
ed a human sacrifice of love and de-  
spair in her traditional home—the  
lava filled firepit of Halemauana.

Clasping in his arms the body of  
the girl who had spurned his love,  
William Nunes, a young Portuguese,  
leaped yesterday into the deep pit of  
the world's largest active volcano.

He apparently had slain the girl,  
Margaret Enos, before hurling him-  
self into the lava-filled crater where  
some believe the ancient Hawaiians  
once offered human sacrifices to ap-  
pease Pele's wrath.

The bodies lay today side by side  
shrouded in sulphurous fumes 800  
feet below the brink of the pit on  
the slopes of Kilauea.

Two days ago the high school girl  
refused Nunes' offer of marriage.  
Early yesterday morning the re-  
fused suitor kidnapped Miss Enos from  
the home of her sister, Mrs. Manuel  
Furudo, shooting the sister in the  
hand when she tried to stop him.

As authorities reconstructed the  
tragedy, the 20-year-old youth drove  
to the brink of Halemauana, pre-  
sumably pleading with the girl to re-  
sist.

## Both Houses Get Report On Tax Bill

Revised Measure Provides  
Fund Goal Set by Admin-  
istration

Washington—(AP)—The conference  
report on the billion dollar revenue  
bill, was submitted to the senate to-  
day by Senator Smoot (R. Utah.)

Washington—(AP)—The house to-  
day received its conference report on  
the billion dollar revenue bill. Lead-  
ers planned to speed the measure to  
final action tomorrow.

The revised bill provides approxi-  
mately \$1,115,000,000—the goal set  
by the administration.

Forced to reach out for every  
available source of revenue to meet  
the new demands of the government  
the conferees accepted the higher in-  
dividual and corporation income tax  
rates provided by the senate.

All four import taxes—on lumber  
and copper as well as oil and coal—  
were kept in the bill.

The new income tax schedule is  
up to the 1921 level. Normal rates  
are 4 per cent on the first \$4,000 and  
8 per cent on income over \$4,000 with  
a surtax schedule graduating to an  
excess of 55 per cent income in  
excess of \$1,000,000.

The corporation tax voted by the  
senate is 11 per cent.

Complete details of the new re-  
venue bill were withheld pending  
preparation of the report to be sub-  
mitted to the house.

The representatives of the senate  
and house charged with adjusting  
differences on the measure, worked  
12 hours straight until 10:30 last  
night. Then they retired but happy,  
they announced the task was done  
and that the revised bill would reach  
the revenue goal set by the ad-  
ministration, approximately \$1,115,  
000,000.

"We have balanced the budget,"  
said jointly Senator Watson the Re-  
publican leader, and Harrison of  
Mississippi, Democratic tax leader.  
They withheld details until the bill  
was presented to the house.

It was estimated that the high in-  
come tax rates voted by the senate  
were approved, and that all four  
tariff items—import taxes on oil,  
copper and lumber, were re-  
tained.

**Higher Postage**  
The revised bill carries the new  
higher postal rates beginning with  
3-cent letter postage. Insurance  
and gift tax rates were unchanged.  
Among excise taxes retained in the  
bill are:

## SLAYER PUT IN PRISON 4 HOURS AFTER MURDER

Omro Man Gets Life Sen-  
tence for Shooting Wife,  
Wounding Two Sons

Oshkosh—(AP)—Leonard H. Tritt,  
31, today shot and killed his wife  
Mabel, 27, and then seriously wound-  
ed his sons, Jack, 2, and Lowell,  
4. Four hours later, after one of  
the speediest trials in Wisconsin his-  
tory, Tritt was in the state prison  
under life sentence.

The shooting occurred at the home  
of Mrs. Tritt's parents, Mr. and Mrs.  
Fred Recklin, at Omro. He fired only  
once at each victim, Mrs. Tritt dy-  
ing instantly.

Then waving his pistol he rushed  
from the back door, jumped into his  
automobile and drove to the of-  
fice of Sheriff Arthur Nelson here.  
He laid down his weapon and made  
a full confession.

Dist. Atty. Frank B. Keefe imme-  
diately rushed him before Municipal  
Judge S. L. Spengler, who transfer-  
red the case to Circuit Judge Fred  
Bessinger. The latter pronounced  
the life sentence and at noon Tritt  
was in the prison.

Tritt said he killed his wife to  
forestall a divorce action which she  
was to file today. For many hours  
last night he pleaded with her to  
drop the case. After talking until  
midnight he left, apparently much  
depressed.

He returned this morning, and  
walked to the kitchen where he  
found his wife and two children. He  
started firing without saying a  
word.

"She was stubborn, that's why I  
did it," Tritt told Dist. Atty. Keefe.  
He retained his composure through-  
out the speedy court action. Apparently  
he was unmoved when sentence was  
pronounced.

Tritt is the oldest son of P. P.  
Tritt, chairman of the town of Poy-  
gan, since separating from his fam-  
ily a year and a half ago he lived  
with his father and lately he had  
been a road worker.

**SEARCH OFF ISLAND  
FOR MISSING PAIR**

Newfoundland Aviator and  
Dental Surgeon Lost Since  
Monday

St. John's, N. F.—(AP)—The  
seas off Grand's Island, Newfound-  
land, today was the goal of Mon-  
treal and Boston airplanes searching  
for Arthur Sullivan, Newfoundland  
aviator, and Dr. K. Karl Kuehnert,  
Grenfell mission dental surgeon,  
who have been missing since they  
took off for a pleasure flight from  
St. Anthony, Monday.

Mrs. M. S. Sullivan of St. John's,  
mother of the missing pilot, planned  
to go to St. Anthony by airplane to  
aid in the search.

Charles Hubbard, former Harvard  
football captain, left the East Boston  
airport yesterday with Harold  
Crowley and Edward T. O'Toole of  
Wentworth, Miss., pilots, in a mono-  
plane owned by Dr. Alexander  
Forbes of Milton, Mass. Dr. Forbes  
and his wife, Mrs. E. B. Forbes,  
friends of Sir Wilfrid Grenfell, were  
operated in the plan to send the  
plane from Boston.

Another plane, piloted by H. D.  
Wardle, left Montreal, near Mon-  
treal, about the same time the Kue-  
hnert plane took off. Wardle's  
plane is a four passenger cabin sea-  
plane.

The Forbes plane is equipped with  
radio and a spare motor. Hubbard,  
Hubbard and Crowley participated in  
a topographical survey of the Labra-  
dor coast last year.

**MICHIGAN SUING TO  
COLLECT UNPAID TAX**

Lansing, Mich.—(AP)—The state  
has moved to sue a new corporation in an  
attempt to collect partly \$77,700 of  
allegedly unpaid gasoline taxes  
from the Standard Oil company of  
Indiana.

Notice was filed in the Ingham cir-  
cuit court yesterday that a suit will  
be instituted to recover the amount.  
State police were directed to serve a  
summons on the company, requiring  
representatives to respond when the  
case comes up for hearing.

The action of the state is the second  
step in its attempt to force pay-  
ment. Frank D. Fitzgerald, secre-  
tary of state, first ordered revoked

# La Follette Pledges Help In Dairymen's Plea For Inquiry

## SAYS HE'LL DO ALL IN POWER FOR FARMERS

Asked to Name Own Investigator or to Order Impartial Hearing

Madison, Wis., June 3.—The petition of a committee of dairy farmers in the five counties of the Milwaukee milk distribution area for state investigation of the low price situation in that district rested today with Governor La Follette, who told the farmers he would do anything in his power to help them.

The committee, composed of six dairy producers who are members of the Milk Producers cooperative and the newly formed Wisconsin Milk pool, asked the governor to name a special referee or commissioner to conduct the investigation, claiming that the state department of agriculture and markets had fallen down on the job.

Their spokesman, A. H. Christman of Waubesa, claimed that the fixing of a vote in the regular price fixing meetings had been held in the Milwaukee area had been taken away from the individual farmers and that secret sessions, dominated by cooperative officers and dealers had been a factor in forcing down the price of milk.

The committee asked the governor either to name his own investigator or to order the department of markets to conduct an impartial hearing.

Governor La Follette did not indicate what action he would take but he assured the committee that if there is anything he can do he will do it.

The executive said that his power over the department is limited to suggesting that they take a certain course. He may ask the commissioners to conduct an inquiry.

Farmer "Unemployed"

The real difficulty of the farmer, Governor La Follette told the group is that he is, in effect, unemployed as well as the laborer because every time he ships products at present prices he also ships a part of his capital.

The farmer's pocketbook is caught in a vise, with high low price level on one side and the tax on the other," an executive said. "It is gradually being flattened by this vise."

"To my mind there is only one sound method of bolstering farm prices—a public works program that will put purchasing power in the hands of the people and the shifting of the tax burden from general property."

The governor told the farmers that property taxation already has been reduced through the action of the state government and that it had not been for the opposition of conservative newspapers and legislators in the special session of the legislature his original relief bill would have been passed, including a provision to remit \$5,000 in property taxes through increased income taxes.

After conferring with the governor the committee returned to the assembly chamber where the Wisconsin Milk pool was endeavoring, in a spirited session to iron out the conflict of two groups on the question of adopting by-laws.

An active movement was on foot to prevent the affiliation of the pool financially with the Central Cooperative association, headed by Harry E. Holmes, who also was the pool organizer.

Twenty-six men were named to the board of directors of the Wisconsin pool, with four directors to be elected. Among the directors are Walter Stigler of Oshkosh, and A. A. Hondricks of Waupaca, co.

Leon Ray Livingston to Talk at First English Lutheran Church

Leon Ray Livingston, traveler, author, and orator, better known as "The A. No. 1 Wanderer," will speak at First English Lutheran church Sunday evening. His subject will be "Where Is My Wanderer Boy Tonight?"

Mr. Livingston has had a checkered career. Running away from his home in San Francisco when he was 11 years old, he ranged the world over for many years and when he finally returned home he discovered that his parents had died from broken hearts because of his disappearance. He never stopped in one place for more than a day, always leaving behind his sign, "A. No. 1," underneath which he placed the date and below this an arrow pointing in the direction of his journey.

Although a rover, Livingston never touched alcohol or tobacco. Over a period of 30 years he roamed 520,000 miles in the United States and abroad, spending only \$7.61 in United States money.

## SUBMIT PLAY QUESTION TO VOTE, IS PLEA

Back Program to Limit, Optimist Club Advised by R. C. Miller

Citing numerous instances of successful playground results from his own experiences, and quoting statements of nationally known leaders on the advantages of playgrounds and directed recreation, R. C. Miller, recreation director at Oshkosh, yesterday told Appleton Optimist club to do whatever it can for youth on whatever funds are available, and next year to submit the playground question to a vote of the people. If approved, he suggested adoption of a city ordinance appropriating money for playgrounds and directed recreation. The state law provides for such a procedure, he said.

"Public and parochial schools to day teach children how to play, how to spend leisure time in physical education departments," the speaker said. "Within the next few days Appleton will turn loose some 8,000 boys and girls from various schools. If they have nothing to do, no place to spend their leisure time, no one to direct their activities, they are going to wander around aimlessly."

Mr. Miller recounted various instances in Chicago and Milwaukee where directed play had solved serious problems among boys and girls. He recalled the comment of New York police heads that directed play has done much to keep young people from crime, the comment of President Hoover favoring directed play, and the statement of Mayor D. W. Hoan that playgrounds and recreational activity have done much to keep Milwaukee the "crimeless city."

Mayor Hoan was asked for 100 additional policemen recently, the speaker said. He refused the request, gave 100 additional officers and arranged to have a part of the money that would have been spent for police transferred into playground and recreational activity.

"Successful playgrounds demand that there be something doing," Miller said. He suggested that schools and parks be visited when there is no directed activity in them. Few children and young people will be playing. A visit during directed play periods will show the grounds and parks well attended by children, he added.

"If cities can find money for band concerts," he said, "for municipal golf courses, and similar projects, they should be able to find money to support a program that keeps children and young people occupied."

Mr. Miller explained in detail a day's program at Oshkosh playgrounds and the 12 months general recreational program that city supports at a cost of \$16,500 a year.

Keeps Bully Away

In answer to the statement that recreational and directed play programs destroy initiative in young people, the speaker said that it does in some instances—it destroys the initiative of the bully who takes ball diamonds away from younger children, and the choice spots in parks or school yards.

"Children with plenty of initiative will find their own activity," he said. "But there are many young people in whom initiative and leadership must be developed by older persons. A job the playgrounds easily do."

He further answered the statement by reminding that parents are directing the initiative and activities of their youngsters far more than play directors. They inquire regularly what the children are doing, are going to do or want to do and then either approve or disapprove. The play director concerns himself in the initiative to the same extent—that of directing the initiative and leadership of children in the right direction.

BAND PREPARES FOR OUTDOOR CONCERT

The first outdoor band concert of the summer season by the 120th field artillery band will be played next Tuesday evening at Pierce park, according to Edward F. Munn, director. A special program is being arranged for the program. The first concert was scheduled last Tuesday, but was postponed because a Lawrence Conservatory of Music orchestra had a concert scheduled.

Outdoor concerts probably will be held every week except during the period the band is at Camp McCoy, Sparta, for the annual encampment of Wisconsin National Guard artillery units.

ILLINOI DEMOCRATS MAY SPLIT VOTE

Majority Expected to Favor Roosevelt as Second Choice—Sen. Lewis First

Springfield, Ill. (AP)—Illinois Democrats, although united for the fall election campaign, apparently will send a split delegation to the Democratic national convention, with the majority favoring Gov. Franklin D. Roosevelt as second choice.

Indication of the split came last night just before the state's 52 delegates, who will cast 58 presidential nominating votes, adjourned an all day rally. Mayor Anton Cermak, former leader of the Chicago faction and a strong political figure in the state, took the floor and said with emphasis:

"I'd vote for Lewis (United States Senator James Hamilton Lewis, Illinois' "favorite son") on the first ballot even if Roosevelt gets 90 per cent of the vote. After that you can vote for whom you please and I'll vote for whom I please."

Downstairs delegates are in the majority and favor Gov. Roosevelt. Cermak has come out for Melvin A. Traylor, Chicago financier, as second choice.

Few delegates were the only downstate group opposed to Roosevelt in the later convention balloting. The state's delegates will not vote as a unit, but they are pledged to support Senator Lewis as long as he has a chance.

BY WALTER LIPPMANN

## CONCERNING A WORLD ECONOMIC CONFERENCE

There can be little doubt that no nation can hope for a full recovery from the depression unless a large number of problems are solved by international action. Even the United States, which is the most nearly self-contained of the great powers, is dependent not for existence but certainly for anything which Americans would call prosperity upon a revival of world trade. The foundation of such a revival can hardly be laid unless the political debts are liquidated, unless the tariff war now raging in the world is stopped, unless a considerable part of the inflated private debts are reorganized, unless the exchanges are stabilized, and unless there is enough of a rise in the prices of commodities to make at least the efficient producers solvent again.

Merely to list a few of the matters which have to be dealt with, and to realize their complexity, is to raise at once the fundamental question as to what is the best procedure for dealing with them. Apparently there is a British opinion that they should be dealt with by a general conference of the powers. Apparently there is an Administration opinion that while some of these questions, such as debts, are tabu, the remaining questions relating to monetary policy and the price level might be taken up by an international conference.

Now the world has had a large experience of international conferences in the last decade, and we are in a position to learn something from that experience. It seems to me that it has been fairly well demonstrated that a general international conference is such a complicated agency that it succeeds best when it has to do only very simple things. For example, a general conference of nations which have to be reconciled are many, and therefore, the chances of decisive action are poor. Moreover, a general conference of principals who have power to act. The delegates who attend are the prisoners of the politicians at home.

Thus the Washington Arms conference was a success: it was really a conference of three powers and it dealt with a simple thing—battleships. The London Naval Conference was only a partial success: it failed to bring five powers into agreement on the more complex question of auxiliary vessels. The Geneva Conference now in session contains about fifty nations dealing with all types of armament, and if any effective limitation comes out of that conference it will be a very small limitation indeed. The lesson is rather plain: as you multiply the members of an international conference and the number of questions to be settled, the conferences become more of a debating forum and less of an executive body.

It is extremely doubtful whether at this stage of the world depression it is wise to take the risk of failure which a general conference dealing with many complicated questions certainly involves. The confidence of men everywhere is greatly shaken. Anxiety has made them the prey of suspicions. The statesmen ought to think twice before they raise any hopes which they are not reasonably sure to realize; they should consider deeply whether a general conference could contain representatives who had the power to reach decisions; they should ask themselves whether the solution of these vital questions is likely to be advanced in the confusion of international publicity and the maneuvering of the myriad interests involved.

Therefore, it seems to me clear that a general conference is the wrong way to go about doing things which urgently need to be done, that the chances of success are too small, and that in fact such a general conference would confuse, distract, and delay the effort to settle these questions.

What, then, is the right way, the way which offers the best promise of success? It is to proceed to reach agreements on specific questions by direct negotiations among those most concerned. That is the theory of the administrative discussion at Lausanne, and in the present phase of the problem it is undoubtedly the wisest policy. For what is the reparations policy today? It is a political problem between France and Germany. There is no longer any possibility of obtaining from Germany payments which would cover the Allied debts to the United States.

The whole question is whether France and Germany can agree upon a political formula which will suspend and terminate reparations payments. Since Germany cannot pay much and almost certainly will not pay anything, reparations is not any longer a question between creditors and debtors: it is not a financial question at all. No real money is at stake. It is only phantom money that will be discussed at Lausanne; the sums that may be mentioned will symbolize the diplomatic ambitions of France and Germany.

That being the case, the more directly France and Germany are left to deal with each other at Lausanne the more likelihood there will be of a settlement. The intervention of other powers, not merely of the United States which is, of course, not possible, but of Great Britain and Italy, as well, is more likely to complicate than to facilitate a settlement. For such an intervention would either stiffen Germany or put France under a kind of pressure that would stiffen her.

Now if we examine some of the other questions which a general conference might discuss, we shall find,

## 303 GRADUATES AT HIGH SCHOOL GET DIPLOMAS

Annual Commencement Exercises Conducted at Lawrence Chapel

As a colorful climax to their high school career, 303 Appleton high school seniors, the largest graduating class in the history of the city, marched in youthful splendor to the flower-banked Lawrence Memorial chapel stage Thursday night at the twenty-eighth annual commencement exercises to receive their diplomas.

The class of 1932, presented by Principal Herbert H. Helble, was accepted by Supt. B. J. Rohan, J. F. Benham, member of the school board, presented the diplomas. The Rev. Lyle D. Utts gave the invocation and benediction.

Contrasting the background of Appleton schools in the past 75 years with the problems facing the present graduating class, Miss Mary Reineck such policy would require. If they can arrive at such a policy, they might and probably would obtain a following among the other nations. If they cannot arrive at it as between themselves, they will not arrive at it in the hurlyburly of a general conference.

To proceed in this fashion is simply to recognize that if these questions are to be settled they must be settled by those who have the power to settle them. International conferences may be very good things where it is necessary to adjust the right of sovereign states, or to mobilize world opinion. But the economic problems which now oppress us to not concern sovereign states as such. There are no general treaties to be written, and what is needed is not a mobilization of public opinion but executive action.

To meet that need, there is far more promise in direct negotiations by principals than in general, public debate in a world conference. Copyright, 1932, New York Tribune Inc.

And Vernon Beckman, seniors, presented the graduation addresses.

The musical program was given by Eugene Bleick in a violin solo, "Romance," Wieniawski, accompanied by Miss Dorothy Weideman, and a woodwind quintet. The quintet, which played Osmos's "Andante" was composed of Miss Lucille Wipham, Walter Wright, Miss Doris Tall, Miss Reineck and Miss Ione Stoen.

Miss Reineck in her address briefly outlined the history of secondary education on the city, stressing the growth of high school activity and unity of education since the unionization of city schools in 1925.

Must Use Knowledge

Mr. Beckman in his talk, "These Graduates Face the Future," pointed out that the truly educated person was not necessarily the one with the most schooling, but rather the person who can use his attained knowledge best in every day affairs.

"Success is determined by the manner in which people meet problems in real life," he told his classmates as he discussed the growth of extra-curricular activities at Appleton high school and their indication that students were taking greater interests in practical affairs.

Problems facing the graduate to day are far more formidable than those confronting past graduates, he declared, because the student today not only must look for a job, but he must face the present economic conditions, which show signs of changing for the next two years. He pointed out, that in spite of the increased difficulty to find work to enable students to continue with college or university work, earnest students will find a way to accomplish higher education.

Need More Than Degree

He asserted that college educations often were wasted and deplored the students who attend colleges merely to fulfill a desire to write a degree under their names.

This year's graduating class is larger than the entire enrollment of the four high school classes in the first year of Appleton high school, according to Mr. Helble. It is also larger than its enrollment was the sophomore class three years ago, which indicates that instead of losing students through its high school career the class has gained in numbers.

Russell Wichmann of the class of 1930 presented the organ music for the professional, "Pomp and Circumstance" by Elgar, and the recessional, "Marche Solennelle," Lemaigre.

# 18 TO GRADUATE AT ZION SCHOOL

## Commencement Program Will Be Held Friday Evening in Auditorium

With 18 graduates this year, the sixteenth annual commencement program of Zion parish school will be held at 7:30 Friday evening in the school auditorium.

The Misses Grace Hoffman, Bernice Eggert and June Austin are the three honor students of the class.

Miss Hoffman will give the address of welcome following the student procession, played by Miss Theimer, and the presentation of "The Twenty-Third Psalm" by Miss Alma Reffke.

The program includes selections by the school orchestra under the direction of Jay L. Williams, a play, "The Path of Knowledge," songs by the girls' chorus and a male quartet and several student speeches. The Rev. Theodore Marsh will present the graduation address and award the diplomas. Miss Bernice Eggert will give the farewell address. The school orchestra will play Concone's, "Song Without Words," Playel's "The Nuremberg Clock in the Tower," and the Italian "March Majestic."

Students in the class play include the following: Ruth Koletzke, Theodore Krantzsch, Robert Seger, Melvin Junge, Grace Hoffman, June Austin, Ramona Ecker, Eunice Bell, Violet Melzer, Carleton Heimritz, Byron Kohl and Edgar Leisnering.

"Beautiful Savior" will be sung by the chorus of eight boys and Miss Ramona Ecker will play the violin solo, "Mother Machree." The girls' chorus will present two songs "Home," by C. A. Kern and the folk song, "Little Sleepy One." "Under His Wings" is the class song which will be sung by the entire class.

The class motto, "Ready to Serve," will be presented in a short address by Miss Margaret Kuck and Miss June Austin will give the class prophecy. The class colors of the graduates are orchid and gold and the class flower is the sweet pea.

Included in the list of graduates are the following: June Austin, Eunice Bell, Alice Boldt, Ramona Ecker, Bernice Eggert, Carleton Heimritz, Grace Hoffman, Melvin Junge, Edward Koepf, Byron Kohl, Ruth Koletzke, Theodore Krantzsch, Margaret Kuck, Leo M. Kuckenberg, Edgar Leisnering, Violet Melzer, Alma Reffke and Robert Seger.

Houston, Tex. — If, in a conversation with City Prosecutor George Darby Neal, you innocently mention the word "posse" don't walk—run to the nearest storm cellar. It seems that recently an offender came up for trial and the complaint listed "Bryan and Posse," as arresting officers. "Mr. Bryan," Neal called. Officer Bryan stepped up to be sworn. Neal then called "Mr. Posse." No answer. "Mr. Posse" he thundered. Red-faced, grinning officials suggested to Neal the case might continue without the attendance of the posse.

# Annual "Y" Report Shows Many, Varied Activities

Approximately 100 groups used the Y. M. C. A. in excess of 500 times during the year ending May, 1932, according to the annual report of President F. J. Harwood.

The report shows there were 1,070 members of the association during the last year, 680 being men and 390 boys. Three hundred fifty members of the association are engaged in industrial occupations. There were 62 standing committees in the association with 150 members; 125 members worked in the association membership campaign, held 181 committee and council sessions, and gave 4,500 hours of volunteer service.

There were 500 employment applications made and 175 placements. A large number of men were given relief in the way of room, meals, transportation, clothes, counsel. Several college students secured part time employment at the "Y" that aided them through school.

During the year 1,100 thrift books were issued and 50 posters placed in schools, all under direction of a Y. M. C. A. committee. The ninety beds in the association dormitory were occupied 19,250 times and 41,440 meals were served in the cafeteria and at special suppers.

### 73 Taught To Swim

The physical department report shows 396 members in various classes which held 536 sessions and had attendance of 5,082 persons. One hundred seventy-one persons were given swimming instruction, 73 were taught to swim and three swimming meets were held with 35 persons attending. Twelve persons passed life saving tests at the Y. M. C. A. pool.

Women and girls used the swimming pool under direction of Appleton Woman's club from Oct. 1 to June 1. The pool also was used for free swim campaigns, and by boys from the entire Fox river valley.

There were four athletic leagues and 6,267 persons attended the games. Eleven sports tournaments drew 1,225 persons.

The social, educational and religious report shows one educational class with 20 persons enrolled, 11 sessions and attendance at 165 persons. Two hobby clubs had 23 persons enrolled, held 12 sessions with 200 in attendance. There were events in which four industrial groups participated, 42 lectures and talks, eight forum meetings, 17 socials and entertainments.

Six radio talks were sponsored during Holy week, one union service on Russia with 350 persons in attendance; three bible classes with 65 enrolled; 11 religious discussion groups.

Special men's and boys' groups which had character building and purpose had one grade school club, seven Hi-Y groups, two other boys' groups and three men's groups.

### 150,000 Use Building

It is estimated that 150,000 persons, or five times the population of the city, used the Y. M. C. A. during the year.

Among the various organizations and groups using the association building during the past year were Little Fox Baseball league, Junior chamber of commerce, Fraternal baseball league, Civic council, St. Paul's Lutheran committee, Disabled

## CLOSE JAIL TO ITINERANTS ON SHERIFF'S ORDER

Knights of the road can no longer obtain free meals and a nights' lodging at the county jail. The order closing the jail to itinerants, was issued Wednesday by Sheriff John Lappen and Wednesday night for the first time since last December, the jail was not filled with men who were given a free supper and breakfast and a place to sleep. Sheriff Lappen estimates that the county took care of approximately 4,000 itinerants since last December when the jail was thrown open. The order opening the jail was issued at the instruction of the county board. From 30 to 50 men were given accommodations at the jail every night since the plan is started.

If the plan is to again be continued next winter it will be necessary for the county board to again issue the order at its November meeting.

# Boy Scouts Gather At Clintonville This Weekend For Camp O'Ral

## 500 YOUTHS WILL ATTEND ANNUAL EVENT

Program Opens Shortly After Noon Tomorrow With Parade

Some 20 to 30 camps will be in the valley, and the sun will reflect from the white tops of as many tents when 500 youngsters transform Clintonville, into a camp street at their annual Camp O'Ral Saturday and Sunday. Clintonville is doing its festive garments in a week in preparation for the event. Merchants are decorating their windows with boy scout displays, and large banners span Main-st. welcoming visiting scouts to the city.

Boy scouts from troops in Appleton, Menasha, Kaukauna, Seymour, Mazion, New London, Clintonville, and other places served by the valley council are expected to participate in the event. Several troops will leave for Clintonville tonight, but most of the arriving troops will not arrive until Saturday noon when the rally officially opens.

For months, various troops and individual scouts have been preparing projects for display at the rally. Troop projects which will be on display at Central park include massive rustic towers, constructed of logs and rope; suspension bridges, constructed after similar fashion; birdhouses, log cabins, and lean-tos.

Reaching camp tomorrow, the youngsters will carefully turn back for their fireplaces. At the close of the rally, this will be put back into place, leaving no traces of a fire. After the Saturday noon meal, the youngsters will complete their exhibits and woodcraft work. A large parade, in which every scout is expected to take part, is scheduled for 1:30 Saturday afternoon. The parade will be led by Clintonville high school band, of which 20 per cent. of the members are scouts.

Demonstrations and various scout contests will take place at 2:45 in the afternoon. The events will consist of stretcher races, life-line runs, flag relays, and others. Executives and troop heads from visiting councils will act as judges. Among those who will officiate are Harry Hertz, Oshkosh executive, and H. V. Whitfield, Sheboygan council executive.

A free period in which scouts will spend considerable time inspecting each other's projects. The units will be called from 3:45 to 4:15. After the inspection there will be a formal inspection by M. G. Clark, and visiting scout executives.

Prepare Own Supper  
Troops will assemble at 5 o'clock in the afternoon for a march to the flag pole for retreat ceremony. Fifteen minutes after the ceremony, they will prepare their own suppers over open campfires, and at 7 o'clock will "clean up" for the evening program.

A Clintonville band will play a concert at 7:30 in the evening, after which a play, "Comin' Clean," will be staged by scouts of Troop 12, Roosevelt Junior high school, Appleton. The play will be presented under the direction of Leo Gardner, troop committeeman. Other students will be presented by scouts from other troops.

The evening's program will close with a campfire program, after which the camp will be sounded by the camp bugler.

Reveille will be sounded at 6 o'clock Sunday morning, after which the scouts will prepare their breakfast. After the breakfast, cleanup, Lutheran scouts will attend church services at a church near the park, and boys of Catholic faith will assemble for joint mass at a nearby Catholic church. Several pastors of other Protestant churches at Clintonville are making arrangements for union services at the park. At 5:30 the rally will be officially closed with the presentation of awards.

## NEW TABERNACLE OPENS TONIGHT

Formal Dedication Program Scheduled for Next Sunday

The Appleton Gospel tabernacle, corner of Badger-ave and N. Story-st. will open at 7:45 tonight, and the formal dedication program will be held on Sunday, with Ralph Rader, brother of Paul Rader, as the guest speaker. W. S. McBirnie, evangelist, will speak at the services tonight and Saturday night.

Dedication services will be held at 2:45 Sunday afternoon and 7:45 Sunday evening. Mayor John Goofland, Jr., will give an address of welcome at the Sunday evening service. Special music at all services will be under the direction of Bob Matthews.

The new tabernacle, a permanent building of silvered concrete blocks, has a seating capacity of 1,000, and space for a choir of 200. The interior is brilliantly lighted with floodlights. The front entrance has an elaborate arrangement of blocks with a cross in the center. There are entrances on both Badger-ave and Story-st.

The tabernacle makes no attempt to enroll membership, but merely offers a series of services featuring prominent speakers from all over the country, according to the Rev. McBirnie.

## FIRE CAUSES DAMAGE OF \$75 AT RESIDENCE

Damage estimated at \$75 resulted from a fire at the residence of William F. Raney, 622 N. Bateman-st., about 3 o'clock yesterday afternoon. The fire started while workmen were burning off paint with a blowtorch. The firemen put out the fire.

## Shot in Chase

Three times a victim of bank bandits, Miss Clara Agas, 24, assistant cashier of the state bank at Morris, Okla., narrowly escaped death in the latest robbery. After giving up the bank's cash to three armed men, Miss Agas was forced to accompany them. A pursuing posse fired several shots and Miss Agas was wounded in the face. The bandits then threw her from their auto.

## PLAY NEARS END IN 1ST CONTRACT BRIDGE TOURNAMENT

Mr. and Mrs. Whalen Meet Mrs. Scallon, Mrs. Peterson for Championship

Mr. and Mrs. James V. Whalen will meet Mrs. Paul Scallon and Mrs. R. A. Peterson for the championship of the Appleton Contract Bridge association, which completed preliminary play in its first contract bridge tournament at the Elk club last night. The tournament started early last winter.

The close of the final regular session last night found the team of Mr. and Mrs. Whalen in first place in the National league, while the team of Mrs. Scallon and Mrs. Peterson led competitors in the American league. It had previously decided that the winners in each league would meet for the championship.

The championship will be decided in two sessions, the first of which probably will be played next Saturday afternoon at the Elk club. At the second session the teams will play the hands held by their opponents in the first session.

Summers up in National league competition were Dr. George E. Massart and William J. Roemer. Royall LaRose and Donald Morrissey were second in the American league.

How They Finished  
National league teams finished in the following order: Mr. and Mrs. Whalen, 6,827 points; Dr. Massart and Mr. Roemer, 5,371; David Smith and John Nellier, 4,285; Mr. and Mrs. Charles F. Baldwin, 4,271; Mr. and Mrs. J. P. Beach, minus 328; H. L. Davis and R. S. Powell, minus 4,575; Mr. and Mrs. L. E. Sugerman, minus 7,552; Mr. and Mrs. D. P. Steinberg, minus 8,895.

Here is how American league teams finished: Mrs. Scallon and Mrs. Peterson, 11,555; Mr. LaRose and Mr. Morrissey, 7,290; Paul Vesco and Burr Manser, 3,955; Moses Bender and Casper R. Miller, 1,933; Charles A. Green and Lotter G. Grant, minus 135; Dr. and Mrs. W. J. Truway, minus 3,660; Mr. and Mrs. C. C. Edwards, minus 4,175; Charles Holmes and Ralph McGowan, minus 15,550.

Prizes in last night's play were awarded as follows: National league—Mrs. Franck and Mrs. A. Steinberg, first; Mr. and Mrs. Baldwin, second; American league—Mrs. Peterson and Mrs. Scallon, first; Mr. LaRose and Mr. Morrissey, second.

Five directors, who will select the association officers for next year, were elected last night. They are Dr. Massart, Mr. Steinberg, Mr. Green, Charles Boyd and Mr. Smith.

Present officers are: President, Dr. Massart; vice president, Mr. Boyd; secretary, Mr. Smith; treasurer, Mr. Steinberg.

Prizes won by local players in the recent World Bridge Marathon also were awarded last night. Mr. and Mrs. Baldwin won first prize for north and south teams among Appleton players, while Mr. and Mrs. William Buchanan placed first among the east and west players. Second place for north and south teams went to Dr. Massart and Mr. Roemer, while second place for east and west was won by Mr. and Mrs. Franck.

## SALVATION ARMY HEAD TO CONDUCT SERVICES

Adjutant G. R. Hook of the Milwaukee Salvation Army Headquarters will be the principal speaker at services at the Temple at 7:45 Friday evening. Mr. Hook has been in Appleton during the past few days conferring with Captain H. L. Servais, in problems of the organization in this city.

## LAY PLANS FOR ASSOCIATION OF BOATING CLUBS

Appleton Organization First to Discuss Proposed Valley Setup

Preliminary plans for organization of the Fox River Valley Power Boat Association were discussed at the monthly meeting of the Appleton Yacht club in the clubhouse on S. Pierce-ave Thursday evening. Detailed plans for effecting a permanent organization will be outlined at a meeting to be held under auspices of the Oshkosh Power Boat clubhouse at Oshkosh next Tuesday evening. Dr. A. L. Koch, representing the Appleton Yacht club, and Judge Fred V. Heinemann, representative of the Fox River Boat club, will attend the meeting.

Membership in the valley organization will be open to clubs in Fond du Lac, Oshkosh, Neenah, Menasha and Appleton, it was stated. The association is being organized in an effort to create more interest in boating on the Fox river and other nearby streams, and to gain inter-club and inter-city cooperation. With various clubs affiliated with such an association, more interest also will be shown in individual club regattas, and large association regattas will be made possible.

Progress in harbor and channel improvements on Lake Winnebago, the Fox and Wolf rivers during the past few years was traced last night in an address by A. F. Schroeder, Oshkosh.

Shows Pictures  
Mr. Schroeder showed motion pictures of Calumet Harbor before and after government improvement. Motion pictures also showed a trip up the Wolf river, fishermen's paradise in the spring and summer.

He also discussed government dredging activities on the lake and rivers in the valley, and told about boating in Florida.

Announcement of the annual yacht club cruise was made by Dr. Koch. On Tuesday, June 21, a fleet of boats from Appleton, Neenah and Menasha clubs will go to Oshkosh where they will be met by fleets from Oshkosh and Fond du Lac at the first buoy in the Oshkosh channel. The entire fleet will then sail for the Oshkosh club's headquarters on Lake Butte des Morts for a program to be presented under auspices of the Oshkosh organization. There will be an old fashioned Dutch lunch, and city officials from Fond du Lac, Oshkosh, Neenah, Menasha and Appleton will be guests.

It was announced that the annual regatta of the Neenah club is scheduled for July 3 on Lake Winnebago, and that the Oshkosh club is making plans for its regatta on July 4. Although definite dates for boat races of the Appleton organization have not yet been set they will be held the latter part of July or early in August, it was stated.

Immediate improvement of the Appleton club's harbor on the Fox river will be made. The club proposes to build slips, and make other improvements which will accommodate a large number of boats.

## Both Houses Get Report On Tax Bill

CONTINUED FROM PAGE 1

bill were those on lubricating oils, toilet goods, furs, automobiles, trucks and parts, jewelry, yachts, motorboats, radios and phonographs, sports, chemical refrigerators, sporting goods, matches, candy, chewing gum and soft drinks, and many of the miscellaneous levies.

There was every indication that the cent-gallon gasoline tax voted by the senate in the last rush to build up the bill's total yield, had been retained, and that the house's one-fourth of 1 per cent tax on stock transfers was left out.

When the conferees quit last night Undersecretary Ballantine of the treasury, who had worked with them, remained with a group of clerks to put the 200 pages of the revised bill in shape for printing. Because of the complex provisions in the bill, it was not expected the new print would be ready before late in the day, delaying house approval possibly until tomorrow.

As the tax bill advanced, its budget-balancing companion, the economy program was gripped in senate controversy over the 10 per cent pay roll cut for all government employees, with indications that this would be slightly modified. As now drawn, half the bill's \$238,000,000 savings comes from this salary reduction.

## CHAMBER OFFICIALS VISIT IN APPLETON

A. G. Murphy, secretary of the Green Bay Association of Commerce, and E. R. Smith, business manager of the Oshkosh association, were in Appleton Thursday afternoon in conference with Kenneth H. Corbett, secretary of the Appleton chamber. They discussed the annual program of the Wisconsin Association of Commercial Organization Secretaries.

## 200 SEE PROGRAM OF SALVATION ARMY GIRLS

An appreciative audience of 200 persons witnessed the presentation of "Lady Minstrels from Dixie," staged Thursday evening at Salvation Army Temple by the Life Saving Guards, girls' organization. Theodore Busse's band furnished music.

Girl guards participating in the program were the Misses Alma Johnson, Grace Servais, Laura Hefman, Hilda Hefman, Arvela Halverson, Frieda Dancel, Eunice Ruby, and Evelyn Last, Vera Buchanan, Pauline Stieting and Mrs. H. L. Servais.

## CITIZENSHIP IS SOUGHT HERE BY 11 RESIDENTS

Hearing Will Be Held in Circuit Court Before Judge Werner Tomorrow

Eleven Outagamie-co residents will seek their final naturalization papers at a semi-annual hearing tomorrow morning before Judge Edgar V. Werner in circuit court at the courthouse. C. R. Berg, Minneapolis, district U. S. naturalization officer, will be here to assist Judge Werner and Sydney M. Shannon, clerk of courts, with the work.

The Women's Relief corps, auxiliary to the Grand Army of the Republic, will have charge of a program in connection with the hearing. Each of the new citizens will be presented with a small American flag and cards containing the American creed, the flag salute, and the flag code. Mrs. Amanda Pfeil, patriotic instructor of the corps, will teach the flag salute. Members of the organization will attend the hearing in a body.

Six of the applicants came to America from Germany, two from Czechoslovakia, and one each from Hungary, Serbia, and The Netherlands.

The applicants are: Walter Oester, Appleton; Anna Merkel, Oshkosh; Fred Boening, Appleton; Wilhelmina Putterer, Appleton; Sieghard Hamburger, Appleton; Max Carl Emil Altman, Kaukauna; Katherine Efta, Kaukauna; Frank Sebelic, route 7, Appleton; Herman Schafhauser, Appleton; Adam Sikora, route 5, Kaukauna; Theodore William Schepers, Combined Locks.

## FORMER RESIDENT TAKES OWN LIFE

William Keck Fatally Shoots Self in Cottage at Big Lake

William Keck, 59, a former resident of Appleton, fatally shot himself with a rifle Thursday at his cottage at Big Lake. His body was found last night by Ed Lavender, who brought mail to Keck's cottage. Keck, who was unmarried, had been ill, it was said. He had been living at his cottage for the past year and a half.

The body was brought to the Wichman Funeral home in this city Thursday evening. It will be sent to West Newton, Pa., for burial.

## TWO LEGION COUNCILS CONVENE AT GILLET

Members of the Oconto and Outagamie councils of the American Legion held a joint meeting at Gillett last night. Henry Pettigrew, formerly of Appleton and now of Oconto, who sponsored organization of both county councils, was the chief speaker. Mr. Pettigrew discussed Legion problems. Other speakers were Dale Andrews, Kaukauna, chairman of the Outagamie council, and J. Brozeau, chairman of the Oconto council. The meeting was preceded by a dinner served by the Gillett Legion auxiliary. Kaukauna was represented by nine members, Kimberly by two and Appleton by four. Those from Appleton were C. O. Baetz, F. F. Wheeler, Armin Schuerle and John E. Hantschel.

## PLAN WEEKEND HIKE

## CORPORATION INCOME TAXES TOTAL \$134,749

Find Sum Is \$70,000 Under Amount Billed in June Last Year

State income taxes to be collected from Outagamie-co corporations total \$134,749, according to bills sent out Friday morning by Miss Marie Ziegenhagen, county treasurer. Last year the amount for which bills were issued the first week in June was \$204,009.18. This is a decrease of about \$70,000.

The decrease in corporation taxes, however, is more than made up by the increase in individual taxes, bills for which were mailed yesterday by Miss Ziegenhagen to 5,500 county residents. The total to be collected from individuals is \$215,292.03, as compared with \$117,957.85 for last year.

Miss Ziegenhagen said that the corporation tax roll for June is not the entire roll for the county. Additional tax assessments are received throughout the entire year, she pointed out, so that the total to be collected from corporations will be somewhat more than the \$134,749 for which bills were mailed Friday morning.

It is not yet possible, Miss Ziegenhagen said, for the office to give out figures showing the amount of taxes to be collected in each town, city and village. She explained that her staff has been too busy collecting deferred real estate taxes to be able to make out such a report.

## NEW ELECTION IS FORECAST IN ERIN

De Valera May Go to Country for Approval of Oath Abolition Bill

Dublin.—(4)—The possibility of a new general election in the Irish Free State next fall, in which President Eamon de Valera would go to the country for approval of his bill for the abolition of the oath to King George, was forecast in political circles here today.

The deadlock with the senate over the bill continued today and the prospect was that it would be a long time before the bill becomes a law, it was said.

It was advanced to second reading in the senate last night, with most of the opposition members refraining from voting. It was then decided to shelve it until next Wednesday when it will go to the committee stage.

Members of former President Cosgrave's conservative party, who have opposed the bill, let it be known they had not given up the fight. They said they would oppose it actively during the committee stage and they expected the senate would amend it drastically.

One of the amendments was expected to be a clause providing that the bill not go into effect until it was approved by Great Britain as well as the free state. This would be proposed, it was said, on the ground that since Cosgrave's followers maintain it violates the Anglo-Irish treaty, both parties to the treaty must agree.

## FINE MAN \$10 FOR PARKING OFFENSE

Gerald Bach, was fined \$10 and costs by Judge Theodore Berg in municipal court this morning when he was found guilty of parking his car in a restricted area on Pacific-st. Bach pleaded not guilty on his arraignment recently. He was arrested by Officer Lester Van Roy.

## HONOR ANOTHER STUDENT

The competition will close by the end of the month.

## COLLECT \$241 IN FINES, COSTS IN MUNICIPAL COURT

17 Defendants Are Fined, 19 Sent to Jail—17 Bound Over for Trial

Fines, costs and fees collected in municipal court during May totaled \$241.25, according to the monthly report of William R. Kreiss, municipal court reporter. There were 17 defendants fined, 19 were sent to jail, 17 were bound over for trial, two cases were dismissed and one was nolle.

Under city ordinances \$77 was collected in fines, \$26 in court costs and \$38 in officers' fees. Arrests were as follows: speeding, 10; drunkenness, 3; jumping arterial, 2; and one each for failing to stop after an accident, using abusive language, parking offense, disturbing the peace, and failing to stop for the fire apparatus.

While most arrests were made under state laws, only one fine of \$10, plus costs of \$16.40 and fees of 95 cents were collected. Arrests were as follows: drunkenness, 11; larceny, 5; burglary, 4; non support, 3; forgery, 3; assault and battery, 2; issuing worthless checks, 2; and one each for driving a car without a license, drunken driving, carrying dangerous weapons and illegitimacy.

Four reckless drivers, arrested under county ordinances, paid fines of \$40 and costs of \$17.80. In civil actions the court collected \$43.60 in fees.

## SHOWERS ON MENU FOR NEXT 24 HOURS

Cloudy skies with showers and continued warm weather is the weatherman's forecast for Appleton and vicinity for Friday night and Saturday. Similar predictions have been forecast for the entire middle-west. Scattered showers were reported in the western portion of the state last night.

Winds are still shifting in the south and southeast, a good indication that wet weather is in the offing. At 6 o'clock Friday morning the mercury registered 60 degrees above zero, and at noon it registered 60 degrees above zero.

## JACES HEAR TALK ON MANUFACTURE OF OIL

The process of manufacturing automobile lubricants was outlined in an address by J. H. Way, Milwaukee, at the meeting of the Appleton Junior Chamber of Commerce in the directors' room of the Insurance building Thursday evening. Association problems were discussed. Directors of the organization will meet at 7:30 Friday evening.

## DEATHS

ROSE MARIE SCHWANDT  
Rose Marie Schwandt, 4, died about 8 o'clock last night at the home of her parents at Shiocton after an illness of two weeks. The girl is survived by her parents, Mr. and Mrs. Rudolph Schwandt; three sisters, Esma, Evelyn and Florence; four brothers, Delbert, Harley, Virgil and Martin; and one grandmother, Mrs. Emil Schwandt. All of Shiocton. Funeral services will be held at the Lutheran church at Shiocton at 2 o'clock Sunday afternoon. Interment will be in the Bovina cemetery.

## Working Conditions Are Big Factor In Death Rate

Washington.—(4)—Working conditions among industrial employees were described today before the annual Conference of the State and Provincial Health Authorities of North America as a factor in the increasing death rate from degenerative diseases.

Although the causes of death gains from these diseases, among which is cancer, are many and complex, the report of the conference's industrial hygiene committee said, no one will question that a dangerous or even unwholesome environment, endured for from a third to almost a half of one's working life, must have a definite effect upon the occurrence of these diseases, the increasing mortality of which is the cause of such grave concern.

## PARK BOARD REFUSES PLAYGROUND FUNDS

Civic Council, Optimists Now Will Seek Volunteer Subscriptions

Voluntary subscriptions to finance a playground program in Appleton this summer today were being sought by the Civic Council and Optimist club, working through the former organization. Letters asking subscriptions were being sent out to about 2,000 persons.

The Civic Council, represented by Mrs. Mabel Shannon and Gordon Derber, and the Optimist club, represented by F. W. Hoffman and Charles Pond, met with the park board Thursday at the city hall and asked an appropriation from the money given the city in the will of the late Estelle Ray Reid.

The park board refused the request on grounds that the will probably implied permanent playground improvements rather than a fund to pay salaries of directors or supervisors for any one season.

## FIND \$1.11 IS LOSS PER ACRE IN FOREST FIRES

Total Bill in Wisconsin Placed at Three-fourths of Million Dollars

Madison—(P)—The average loss per acre of land burned in Wisconsin by forest fires in 1931 was \$1.11 on approximately 630,000 acres, or a loss of nearly three-fourths of a million dollars, the Lakes States Forest Experiment Station of St. Paul reports in its latest bulletin on fires.

The average loss per acre burned in Minnesota in 1931 was \$3.72, making a total fire bill of more than \$5,500,000 while in Michigan only approximately \$175,000 in damage was done, an average of 62 cents on 283,000 acres.

"In area burned," says the report, "the Wisconsin record is actually worse than that of Minnesota since the protected forests in the Badger State are some 35 per cent smaller than those of Minnesota."

"The question naturally arises," continues the report, "does good forest fire protection pay? Michigan spent more money in preparing for fires and in stamping them out promptly, but by so doing held the

damage to a mere fraction of what it was in Minnesota. The actual loss—the cost of protection plus the damage done by forest fires—in Michigan was thus less than a fourth of what it was in Minnesota.

"The Michigan record is all the more envious because in that state there were many more fires than in either of the other two states. There were last year 4,133 forest fires in Michigan, 2,778 in Minnesota and 2,456 in Wisconsin. The effectiveness of the fire protected organizations in the three states may be judged by the promptness with which the fires are extinguished. The large fires are of course, responsible for the major part of the losses. Therefore, quick and positive action is essential. Here again Michigan leads. Michigan stops most of its fires while they are small, only a little more than a third of them reaching a size larger than ten acres. In Minnesota this figure jumps to 56 per cent, while in Wisconsin 67 per cent of all fires become larger than ten acres before they are put out.

"It is apparent for these records that adequate forest fire protection has not yet been attained in the Lake States, although reasonably good protection is now being afforded in Michigan. It would seem that Minnesota, and Wisconsin should 'raise their sights' in forest fire protection."

Michigan spent \$748,817 last year to protect its forests as compared with \$335,711 spent by Minnesota and \$334,250 spent by Wisconsin on its smaller forest area. While the cost of protection in Michigan was only about a third greater than in

## FISHERMEN SEEK PIKE IN LAKE WINNEBAGO

Pike fishing on Lake Winnebago is now in full swing, according to several Appleton anglers, who during the past few days have been catching their limit. Many boats have been plying the waters of the lake between Chilton and Stockbridge, and between Neenah and Blackbird Island. Most of the fish have been caught trolling with minnows or small spoon hooks.

The annual "run" of white bass on the Wolf river has been over for a week, but according to reports received here more than 800 fish of that variety were taken from the water at Oshkosh on Memorial day.

With the season on muskellunge, northern pike and walleyed pike open, many Appleton anglers have been invading the lakes and streams in the northwoods during the past few days.

# WHY

# HILLS BROS COFFEE IS THE MOST ECONOMICAL COFFEE TO BUY

If you are sincerely interested in *quality* and *economy*, you will read these facts about the largest selling brand of coffee between the Pacific Coast and Chicago.

Millions, who are as careful about their household budgets as they are about the goodness of the coffee they buy, have made the discovery that Hills Bros. Coffee is the most economical.

That is one reason why more people, from Chicago to the Pacific, buy more Hills Bros. Coffee than any other brand.

They know that the quality of coffee determines the flavor. They know that the strength of coffee determines the number of good cups you can make. Flavor without strength is expensive. Strength without flavor is unsatisfying.

Only the highest quality selected coffees are used at the Hills Bros. plant. These coffees plus perfect roasting, grinding and packing, give Hills Bros. Coffee its full-bodied strength and rich, delicious flavor.

### Why Hills Bros. Coffee goes further

This abundance of flavor is the reason Hills Bros. Coffee goes further. It is why Hills Bros. offers the greatest value. Indeed, Hills Bros. Coffee gives you such unusual goodness that your first cup is a notable and remembered occasion.

The U. S. Customs District's records of coffee imports offer substantial proof of the unusual quality found in Hills Bros. Coffee. These records show that the per pound value of coffee received in the San Francisco Customs District in 1931 was 30 per cent higher than New York's importations and 50 per cent higher than New Orleans'. Hills Bros.' plant is located in San Francisco. The enormous quantities of high-grade coffee used by Hills Bros. are responsible for the quality showing of this port in the United States records.

The high quality and flavor of Hills Bros. Coffee account for its popularity throughout major area of United States

Back in the eighties, A. H. and R. W. Hills paved the way for

their product to become the most popular coffee from the Pacific Coast to Chicago. They concluded that a worth-while coffee business could be built only by selling the finest quality of coffee. For fifty-four years, the attention of every individual in the Hills Bros. organization has been centered on the production of quality.

Quality in coffee cannot be seen with the eye nor measured in the laboratory. It can be determined only by tasting and smelling—how it tastes in the cup. Seven men devote their entire time to the blending of Hills Bros. Coffee. None of these men has less than nine years of experience; one has been blending and testing coffee for fifty-four years. The buying of good green coffees is not the whole story. These testers know how to take the finest of green coffees from every country of the world that grows good coffee and blend them into one harmonious whole, and secure the same result year in, year out.

### Hills Bros. took the guess out of roasting their coffee

It is interesting that almost every step in

the coffee business seems of equal importance. First, to market good coffee, you must buy high-grade green coffee. And even though the green coffees are good, they must be properly blended. Yet, the finest blend cannot be developed to full flavor by poor roasting.

The common method of roasting coffee is in batches of several hundred pounds, but Hills Bros. roast in small quantities by their exclusive process — "Controlled Roasting". It is precise. Every berry receives the same even roast—just the roast required to develop the delightful goodness that nature makes possible. The process never varies, neither does the flavor. People who appreciate the same fine flavor in their coffee, meal after meal, continually praise this feature of Hills Bros. Coffee.

### Quality insured and safeguarded by grinding and packing

Through scientific tests, Hills Bros. have determined the degree of granulation that will give the most satisfactory results in making coffee. The grinding is done by machines which, like Controlled Roasting, embody certain exclusive principles developed by Hills Bros. If you make coffee in a Drip Pot, Percolator, Urn, or even in a saucepan, the granulation of Hills Bros. Coffee will give perfect results.

In July, 1900, Hills Bros. originated the vacuum process of packing coffee. The vacuum process is the only method that fully preserves coffee freshness — the air is removed from the can and kept out. And remember, there is no magic about a vacuum can, it will not make poor coffee good but it will keep good coffee fresh.

### A month's trial will be a revelation in value received

Drink Hills Bros. Coffee! Every steaming, fragrant cup will be a thrill to your taste. You will enjoy a flavor and satisfaction such as you never dreamed of. Compared with Hills Bros.' flavor and quality, any other coffee would cost you more.

Here is the coffee of coffees. The choicest berries of the world's crop, expertly blended, perfectly roasted, ground to the correct degree and packed in vacuum to keep fresh always. Order Hills Bros. today. Ask for it by name and look for the Arab trade-mark on the can. Hills Bros., San Francisco, California.

**PUTTING ROOSEVELT IN A PICKLE**

Another confounding complication will pass in review before Governor Roosevelt for judgment and decision. Investigator Seabury will denounce Mayor Walker in charges filed with the governor as unfit to hold the chief executive position of the city of New York and plead his removal.

Already Tammany has aroused itself to a snarling mood. Exposures are never welcome to political organizations. They become hideous in the face of a campaign.

Now it so happens that Tammany practically controls New York's delegates to the approaching Democratic national convention. One of these delegates is Mayor Walker himself. The delegation is uninstructed and therefore may act freely in supporting Roosevelt, Smith or anyone else.

It is hardly likely that the charges can be submitted to the governor prior to the convention, but what if they are? Yet it is certain that they will be brought before the election, and then, in case of Roosevelt's nomination, what momentous significance may not be attached to his decision in this one case!

Few elections are held in this country that New York's vote is not a dominant factor in the decision. Few nominations are made by either party in which the New York vote is not an important and most often a deciding factor.

There will be countless thousands perhaps who will charge Governor Roosevelt with deciding the matter to his own interests. These will be principally people who are dissatisfied with the decision. Even the governor's political flirtations with the "forgotten man" and promise to pay more attention "to the consumer" will justify no such suspicion concerning his constancy and rectitude when a matter of the extreme importance of the personal honesty of an official occupying a responsible position is up for decision. But the situation will probably be the most embarrassing one Mr. Roosevelt will ever be brought to face. He must listen to the matter in the role of a judge, a trier of fact. Will he believe Mayor Walker's testimony or that of those who may dispute him? Then there will be the weighing of circumstantial evidence, of inferences, some of them as light as gossamer webs. Will Sherwood's decamping with \$700,000 cast a pall over the mayor's rule despite his vehement assertion that he has sought Sherwood harder than anyone else?

If Mr. Roosevelt is nominated—and possibly through the assistance of Mayor Walker—and this trial is brought on this summer it may provide a prelude more exciting than the election.

**SUMMER DRIVING HAZARDS**

With the release of several thousand school children this week and next from public and parochial schools it might be well for automobile drivers to be particularly careful, and parents too might take extra precautions to warn their children against the hazards of playing in streets if they would avoid tragedy.

Appleton has been reasonably free from accidents involving children in the last few years, due probably to frequent suggestion in the newspaper and on street signs to be particularly careful when children are in evidence. There is no better time than the present to renew this warning.

In recent years serious accidents have resulted from children dashing from street curbs in front of automobiles and from children riding bicycles. Automobile drivers must be extremely watchful and cautious when children are playing on sidewalks or on the curb and caution must be doubled

when youngsters riding bicycles are encountered.

Perhaps if parents made it a special point to discipline their children when they play in the streets or run into roadways without first looking for automobiles this hazard might be minimized. Cooperation between parents and drivers is essential if Appleton is to be free from tragedy this summer.

**ANOTHER GERMAN CRISIS**

America may watch with conflicting emotions the unusual but significant political maneuvers that are following in close procession in Germany.

And, although we need no lesson, we may see in these steps the direful fact that the people will constantly run to autocracy, to a dictator, to the ruthless arm of monarchy, if they are fed undiluted democracy, or more correctly stated, if democracy is permitted to run uncurbed. In some respects democracy has been misunderstood in Germany as license, liberty as an unrestrained infliction of one's emotions upon others. When democracy is so understood it is a failure, and the people will spurn it for the safety and the order that lies in a disciplined government regardless of the demonstrated faults and vices that will invariably develop with the change.

If monarchy comes back to Germany, if the democracy is thrown out of the window, the communists must accept the major responsibility. When a nation is struggling to piece things together that it may carry on it needs neither kicks nor vituperation. Then it requires patience above everything. The communists have shown themselves, as always, the greatest enemy the people's rule has ever had. They want a dictator but not the kind they will probably get.

As the reasonable, the thinking, the helpful elements of the German population which are in a great majority, have watched the childish capers, the enraged insanity of the communists, the stone throwing mobs, they have gradually gone over to the Hitler element. With millions it is a choice of two evils and they are choosing the lesser one.

The New York Evening Post estimates that the American people have a financial stake in Germany of about 4 billions. This is likely to be an under-statement for Germany's collapse would affect many collateral matters such as the sums accruing to this country from war debts of other nations which may be unable to pay if Germany defaults and likewise the American investments in other countries which would be sucked into the whirlpool created by a floundering Reich and themselves probably collapse.

But whatever else may be said in this dilemma against the monarchical form it has a degree of intelligence altogether lacking in the communist ranks. It realizes that however heavy the burden or short the time it cannot be pestered with screaming and futile attacks from those it is desperately trying to place usefully. There can be no question that if a dictatorial form of government is actually devoted to the public interest it can accomplish more and in quicker time than can be achieved through the clumsy methods of deliberative bodies.

From the selfish standpoint of its own material interests America may not be sorry to see the German government go back to the lap of the Hohenzollerns where it seems to be heading.

But democracy would bow her head in sorrow.

**NEW TAX RATES RUINOUS**  
Merchants in various towns of the State of Veracruz advise that they are faced with the necessity of shutting up their establishments unless the state and municipal authorities, mostly socialist in politics, modify the new tax rates on business enterprises. The new schedule became effective Sept. 1, and it is claimed by the merchants, is virtually prohibitive. A delegation of shopkeepers and business men has already called upon Gov. Tejeda at Jalapa, and submitted formal statement of their complaints. The governor has promised that he will study carefully the objections laid before him, and decide whether he will make recommendations for the revision of these tax laws, in consideration of the difficulties already faced by business activities in the present days.—El Universal, Mexico.

**THE SENATE** has balanced the budget . . . my my . . . by offering taxes like you haven't seen since back in World War days . . . the talk has all been about taxation down in Washington, folks, not so much on how to cut governmental costs . . . you'll be paying more for gasoline, postage stamps, for a lot of other things . . . you'll be digging down even if you haven't a lot to dig down in . . . but the budget is balanced . . . that's something . . . why it wasn't balanced in the opposite direction, we dunno . . . but a senator has so many relatives and constituents to please that the taxes simply couldn't be cut . . . but we do know that a lot of candidates are going to succeed on the basis of lower expenses and lower taxes . . . there'll be a lot of new faces in the seats at Washington . . . well, not exactly that, but you know what we mean . . .

But they did pass one tax item which we regard as swell. It's a 100 per cent tax on all incomes made from illegal enterprises. If this tax is enforced—and the tax enforcement body seems to be darned efficient, look how they got Al Capone—there won't be any gang chiefs or big-shot criminals.

Because—if the profit is taken out of crime, then crime will be sharply cut down. Most crooks aren't that way just for the heluvit.

It seems like a queer way to get justice, but justice has to be secured somehow.

**Speaker Garner Isn't**

The two billion dollar affair which Speaker Garner would like to put through might temporarily, at least, bring about a relief of conditions. But who, ladies and gents, is going to pay for that two billion bucks later on? Who is going to catch it in the neck as the bond issues fall due and the folks who could afford to buy bonds today are due to get paid back?

Aw, YOU guess who's gonna pay.

Greta Garbo is through with the movies. It hardly seems possible. She, of the super IT and the long, lanky frame; she, the not particularly beautiful star who panicked the best of 'em, gone. And she's going to a farm, too. A farm in Sweden.

Maybe it's a publicity stunt. Maybe she's going to come back. And maybe she isn't. At any rate, good luck to her, she was a darned swell actress.

Although the trees were all in bloom, A sad-faced man was oozing gloom. "Ah me!" he sighed, "what bonds I had Through some mischance have all gone bad. Last year I lost two business blocks, Three vacant lots and all my stocks! His voice 'neath so much sadness broke, "And now I've lost my putting stroke!"

The song birds sang their roundelay, The skies were blue that springtime day, But as the game of golf progressed His chin fell almost to his chest. "My daughter ran away to wed A youth I cannot like," he said, "I've lost my house and garden plot, And now I've lost my brassie shot!"

A Bob White whistled loud and clear, This happy call he failed to hear. "The laundry lost a shirt of mine!" Said I, "You haven't lost your whine!" To such a slur he paid no heed. "A button's gone I sadly need. I am the saddest man alive, Just look at me, I've lost my drive!"

"I've borne so much of hurt and woe, There can be no more grief to know, I'm posted now for last month's dues; There's nothing more that I can lose." And then he drove, the ball flew high, To settle in the rough nearby, But no one marked the pellet's fall, And he had lost a last year's ball!

**Personal Health Talks**

BY WILLIAM BRADY, M. D.  
Noted Physician and Author

**LET US RALLY ROUND THE SPINACH**

According to a press service item Dr. Walter C. Alvarez has consigned spinach to the rabbits and to people who have the digestion of an ostrich. It sometimes cures them of indigestion. But it causes sensitive people a lot of trouble. Dr. Alvarez estimated that the rabbit food craze is worth \$800 a month to any stomach specialist.

This Dr. Alvarez is a good man, and a year or so ago he got out one of the finest little books a layman or a physician either can read on the subject of "Nervous Indigestion" (published by Hoeber, N. Y.). Still, like other good doctors, not to thrust myself forward at the moment, he has his own fads and fancies, and one of them is the idea that it is wrong for people to use much so-called roughage in the daily diet or that it is better to keep the diet smooth, that is, to exclude many such items as spinach, asparagus, bran or whole wheat, because these may irritate the intestine. I am giving my conception of the teaching of Dr. Alvarez. I want to call particular attention to the fact that he makes no sweeping condemnation of roughage, but on the contrary he concedes such diet real value in many cases — as in the press item quoted above. If you have the digestion of an ostrich a liberal indulgence in spinach will cure you — but, hold on, here there must be something wrong.

Once again, if you have the digestion of an ostrich and suffer with no, that won't do, either. Well, let it go. It requires a higher type of intellect to understand how people with the digestion of an ostrich happen to need anything for indigestion.

I suspect Dr. Alvarez sees chiefly sick people, dyspeptics, old sourfaces, diet cranks, graduates of the various mail-order food specialists' courses, ginks who have had their teeth, tonsils, appendix and everything removed and still suffer from fear of exposure. All this must be pretty sad. I wonder that the poor man bears up and keeps as cheerful as he seems in his book. But just the same that sort of life gives even the most determined optimist a tinge of pessimism. It is bound to do so. In Dr. Alvarez's case the pessimism finds an outlet thru the spinach industry.

Well, now, I am no stomach specialist, the I know a good stomach when I see one. I can readily imagine some sufferers from stomach or intestinal trouble might get along as well or even better without any spinach, whole wheat or bran.

But what I protest against is this propaganda against spinach and other fine, healthful, appetizing, economical items of food.

For my part, bring on the spinach. No good dinner is quite complete and well balanced without a pitchforkful of spinach on the side. Iron, calcium, phosphorus, vitamins. AND very desirable and absolutely unwholesome roughage. But I like spinach not because I have a rabbit's appetite or the digestion of an ostrich, but because I like spinach.

**The Tynmites**  
By Hal Cochran

THE Scrub-a-dubs were tickled pink and one of them said, "Gee! To think that we are getting lots of help from all you Tynmites!"

"We know you'll help us do it slick and we'll be finished very quick. Then, maybe we can tell you where to see some thrilling sights."

"I must be fun to travel 'round the world and see what can be found. We're glad you stopped to call on us, 'cause you are very kind."

"Don't you see how you cannot stand, or you'll regret you lent a hand. When you begin to get tired out, just quit. We will not mind."

Then Scouty said, "Oh, this is fun. We'll work until the task is done." Wee Duncy interrupted him. "I'm getting tired," said he.

"Besides, I guess I've done my share and, if the Scrub-a-dubs don't care, I'm going to flop down for a nap beneath that big oak tree."

Before the Scrub-a-dubs could say, "Oh, you have done enough today," Wee Copy cried, "He's lazy. Hard work disagrees with him."

"Just let him snooze. He'll be all right. He loves to sleep by day or night. The rest of us will keep right on 'cause we all feel in trim."

In 'bout an hour one 'Tiny cried, "The outside's done. Let's go in side." We'll sweep the house from front to back. 'Twill soon look just like new."

Then, when the bunch had reached the door, a bushel basket, with a roar, came running out. It shouted to the Tynies, "Howdy do!"

And then it ran on down a hill. "It's filled with cans and they will follow," yelled Windy. "Come, let's fill it! 'Twill be a thrilling race!"

Scrub-a-dub chimed in and said, "Sure, Tynmites. Go right ahead."

And so the Tynies one and all, took up the crazy chase.

**Seen And Heard In New York**

BY WILLIAM GAINES

New York — Heat runs a poor third among the things that make the approach of summer a dreadful foreboding on Manhattan island. And heat probably wouldn't even get show money if it weren't coupled with another enemy from the same seasonable stable, Humidity.

Noise and dirt run one, two.

From the day when the furnace fire is permitted to die its last spring death and windows are thrown wide, noise and dirt flood living and laboring quarters until the occupants are driven to distraction.

Then do you appreciate what a blessing windows are—so long as they're closed! Especially when other people's windows are closed, as well as your own, for then you have double protection against the yelps of practicing sopranos and the roars of whisky baritones.

You own this panes of glass can't safeguard you wholly from the maddening thunder of elevated trains, the clang of trolleys and the backfire of motors, but they modify such racket a bit. And that's something for your eardrums to be thankful for!

Open your windows here and the dust sweeps through, piling so high between bedtime and rising that it appears someone has been working with a shovel.

Noise Inescapable

Noise and dirt are at their dastardly plaguing even when there is respite from severe heat.

There are few places on the island where you can escape the rimpounding of motorists changing tires; the fire department's sirens; the whistles of industry, of policemen and of doormen bailing taxis; the bells of ambulances, of alarm clocks and of hawkers' wagons; the hangings of the ashcan squadrons; the blare of electric pianos and man-powered pianos, street bands and hand organs; the caterwauls of back-fence Toms and tabbies; the dogs baying at or begging for the moon; the frantic street brawls, babbling of foreign tongues; the spine-grinding noise of children skating on pavement; the plump, de-plump-plump of rubber balls bounced against walls by more shrieking kids; the mournful, un-intelligible chants of itinerant peddlers; the hysterics and booming breakage of parties in apartments all about; the domestic discord, and jazz orchestra discord—and so on, ad nauseam.

On the streets wind blows dirt in your eyes, down your collar, up your sleeves, in your ears, up your nostrils.

It's The Humidity

Actually, spells of insufferably hot weather are something of a rarity in New York.

Throughout the summer we get single days, or sometimes a few in a stretch, when the mercury stretches toward the sun. But then we can count on the gracious gift of rain, usually followed by much cooler days.

Last summer there was an annoying drouth hereabouts, but those prolonged rainless periods are rare. A sure enough drouth just isn't known here—thank Juge Pluvius!

New York, you know, is the town of origin for that old gag, "It ain't the heat, it's the humidity." It's the humidity that falls folk on the streets sometimes; that makes you feel as if you just can't breathe. Whatever humidity is, it's pretty bad. But, thanks again, you can't hear it and you don't have to sweep it out.

Well, that's the way I feel about summer in New York today. Perhaps I'm a bit off my feed.

**GERMANS CHECKED**

On June 3, 1918, the German advance was finally checked by American troops in the Verduin Woods. According to reports from the front, enemy losses were very severe due to advantageous positions held by American troops and the withering fire of machine guns and "ifs."

On the French front, Germans were making slight gains west of Neuve Chapelle and Fontenoy, but French troops started an advance of their own and retook Faverolles, north of the Oureq.

German submarine warfare against United States shipping off the eastern coast accounted for 12 ships up to June 3, it was announced. In addition to this activity, the subs sank mines off the Delaware Capes and accounted for the sinking of the tanker, Herbert L. Pratt.

The Belgian foreign minister, Charles de Broqueville, resigned and was replaced by M. Cooreman, former president of the House of Representatives.

**INTER-COLLEGIATE BRIDGE**

The ancient and spirited rivalry between the under-graduate bodies at the leading Eastern universities is continued by the graduates of these institutions in another form long after they have left the classic shades of Alma Mater. In New York City there is held annually a series of Bridge matches between members of the Harvard, Yale, Princeton and Columbia Clubs, and the rivalry between the participants in these matches is just as keen as that between the sons of these institutions on the gridiron or in other forms of athletic sports which appeal more strongly to the under-graduate mind. The Princeton Club of New York this year carried off the honors after the Bridge contest, had developed a triple tie between Harvard, Yale and Princeton.

One hand which contributed largely to this result was the one below, played by Mr. Kazanjian of Princeton. Through accurate play, and perhaps helped slightly by less accurate defense, he was able to make his contract.

**PAROCHIAL SCHOOL TO CLOSE FRIDAY**

The closing exercises of St. Matthew school will be held at 7:45 Friday night at the church featuring a selected student chorus singing the Hallelujah chorus from Handel's "Messiah".

The Rev. Max Hensel, Weyauwega will be the principal speaker. Gordon Schabow is the only member of the graduating class this year. Armin Albrecht is the principal of the school.

The choir and students will present school songs and several devotional numbers. The special chorus, composed of selected children from St. Matthew school and pupils of Trinity school, Neenah, will be directed by William Hellerman of Neenah.

**THE ACID TEST**

"Look here, you said you would do anything for a pal."

"Well, didn't I give my wife a divorce so you could marry her? What more could you ask?"

"I want you to help me get a divorce from her and then take her back!"—Parthinder.

**Senior High School Annual Dedicated To W. H. Kreiss**

"Hey Mortell, sign my clarion"... "Leggo, that's my book you've got!" "Let me borrow your pen while I sign Margie's Clarion". Have I got your John Hancock?" Busy pens and pencils mingled with bedlam in Appleton high school halls this week while students milled together exchanging autographs and wise-cracks for the pages of the school annual, distributed earlier in the day.

The book was dedicated to William H. Kreiss, member of the school board.

With distinctive black burlap cover set off with a single flaming red pica in one corner bearing the symbol of mallet, star and hand sickle, the 1932 annual carries the theme of picturesque Russia through its 136 pages. The inside cover is in red with a peasant scene in one lower corner to balance? with the bold blackness of the "ex libris" lines on the opposite page. The frontispiece, an unusual page for its hand lettering in red and black shows a corner of one corner and the drawing of rounded cathedral domes toward the bottom of the page.

Student life and activities in high school are portrayed by scenes from Russian life. Drawn in shadowy brown sepia on the various division pages with shadowed red drawings of peasants at work at the lower part of the book pages. Symbolic of school departments the administration is represented by two turbaned figures, master and student pouring over lesson books in the shadow of a doorstep.

**Russian Scenes**

A young vibrant peasant in high necked blouse with stavic face turned toward upward as he follows the plow represent school activities and high school classes are portrayed by a group of Russian students, chattering their lessons aloud. Two stern Cossack horsemen on charging steeds depicts the theme of athletics while student life is portrayed by a young peasant girl dancing before her companions. Across the top of each page is the decorative motif of the intertwined mallet and sickle on a red star, symbolic of Russian industry.

Miss Marcella Haberman and Miss Alice Mueller were in charge of art work in the Clarion, which was edited by Miss Marjorie Jacobson, senior girl who received the Craftmanship shield Wednesday.

Other student members of the staff include the following: George Rooney, associate editor; Harvey Wolfgram, administrations editor; William Hegner and Miss Doris Everson, senior editors; Miss Mamie Chall and Miss Wuhemine Harms, girls' athletic editor; Wesley Schroeder and Clifford Burton, boys' athletic editors; Miss Georgianna Parsons, faculty editor; Miss Marjorie Meyer, society editor; Miss Ruth Merkle, underclass editors; William Zuehlke and Robert Meyer, staff photographers, the Misses Dorothy Meagher, Betty Kamps and Anthony Griesbach, typists. Charles Herzog, Jacob Schuler, Miss Lucille Wichmann and Miss Marie Ritzer, activities editors; Richard Davis, Miss Leone Diny, Howard Rietz, Miss Mary Zeller, student life editors.

William Steach was the business manager, assisted by the following: Miss Evelyn Wargal, staff typist; John Movie, Sheryl Red, Robert Rydell and Orme Stach, senior staff members; Miss Mary A'sted, Raymond Herzog, Martin Killoren, Isaac Zussman, junior staff members, Miss Betty Jean Buchanan and Miss Mary Lou Mitchell, sophomores.

**RETURNS HOME AFTER DELICATE OPERATION**

David Gallaher, son of Dr. and Mrs. D. M. Gallaher, was released from the Children's hospital in Milwaukee Wednesday and brought to his home here, where he will be kept under observation. A tin from a pencil was removed from the child's windpipe by Dr. John Gordon Tuesday in an exceedingly delicate operation. The child swallowed the object while playing at the first ward school grounds Tuesday afternoon.

## Train Child For Varied Experience

BY ANGELO PATRI

Once, long ago, I owned a knife that was the pride of my heart. This was no ordinary knife. It was a chest of tools neatly packed between two layers of steel and bone. The things I could do with that knife!

I could cut notches in any surface that presented itself. By moving a finger I could spring out a corkscrew that would pull any cork, however stubborn. With another lift of the fingernail I could turn that knife into an auger and bore a hole with neatness and despatch. Another motion and I had a pair of scissors that could clip with decision and finality. That isn't half telling what that knife could be and do. My mother was not so fond of it because she could never be quite certain of its character from day to day, but for me it was an Aladdin's lamp, an Open Sesame, a magic wand.

Whenever I go through the school days and study what the children are doing, I remember that knife and the many wonderful things it could do. It was ready for anything that came along, of its own size and weight. These boys and girls that we are sending out are usually equipped with just one cutting edge. If that has no chance to work they are useless. With tomorrow dawning so swiftly, with a multitude of voices rising above the horizon to hint of a new day and its new ways, isn't it rather dangerous to send out these children equipped for just one sort of job? I think so. It would be much better to send them out equipped for anything that came their way. Send them out with adaptable powers instead of mixed power?

The machines are coming thick and fast and with each introduction the old ways are scrapped and along with them the group of workers who have been trained in the fixed routine of the older way. If they had been trained to make themselves fit any scheme that was born they could help themselves instead of becoming desperate, bewildered people.

Let our schools prepare children for manifold experiences. Let them equip the schools to send out children with adaptability rather than rigidity. The best habit of all the last one we learn and the most valuable, is the power to break all and any habits when occasion demands. That is what our schools must keep in mind just now.

Make children familiar with all the process of machinery. Make them intimate with the secrets of the laboratory. Give them as deep and as wide a training, as many and as varied interests as they can take, and send them out with open minds, adventurous minds, and they will fit the coming day. That day

## W. C. T. U. WILL HOLD PICNIC IN CITY PARK

Arrangements for a picnic at the city park June 23 at which time a program in commemoration of the George Washington bicentennial will be given were made at the meeting of Women's Christian Temperance Union Thursday afternoon at the home of Miss Flora Kethroe, 320 E. Washington-st. Unions of this district, including Hortonville, Black Creek, Kaukauna, Sister Bay, Green Bay, and Sturgeon Bay will be invited to attend. The committee in charge includes Mrs. H. D. Reese, chairman; Miss Ida Hopkins, Mrs. George A. Breitrick, and Miss Christine Wolfmeyer.

The local union will go to Camp Cleghorn, Chain O' Lakes, Waupaca, July 20 for W. C. T. U. Day. The Appleton members will take part in the program. Twelve members were present at the meeting.

## OSHKOSH GIRL IS MARRIED TO ROCKFORD MAN

Arnold J. Miss Leona Schoblaske, Oshkosh, was bridesmaid. The couple will reside at Rockford, Ill.

General Review club entertained at a picnic for members and their children Thursday afternoon at Pierce park. A picnic dinner was served and the afternoon was spent informally.

is not going to be like this one. It will be filled with speeding machines. It will release the human body from drudgery. It will free the human spirit for creative work of high order. Let the schools prepare for it.

This means understanding teachers and parents, a fluid school, a fluid program, a forward look. It also means success for the next generation who will not find themselves all dressed up educationally, with no place to go.

# THE STORY OF SUE

By Margery Hale

**MRS. WEBBER CALLS**

THE woman who faced Ruth at the door of the Thornton home was slim and dark and very sun of herself. Ruth knew her at once. It was Natalie Webber. All the time that Ruth talked to Mrs. Webber she wished that Sue would return. She herself was too tired to carry on a conversation that was nothing more than a guise which covered both her thoughts and those of the older woman. But there was nothing to do but say meaningless things.

Mrs. Webber made no explanation of her visit.

"None of my business, she reasons," Ruth told herself. "Probably it isn't." She started to study her. The air of mystery that she managed to create. The sinuous movements timed too perfectly to deceive any but the eyes of Jimmy and other men who had not made a wide enough study of feminine grace to know that there were women whose gestures were retained. Every woman probably pulled a trick or two of that sort once on a while. But some had no natural charm . . . only artificial. Jimmy wouldn't know. He would think that Mrs. Webber was a cross between Cleopatra and Helen of Troy.

"I was just going to make some tea, Mrs. Webber. Will you excuse me a minute?" Ruth asked. "Or come out to the kitchen with me, or don't you go in for culinary settings? By the time it's brewed I'm sure that Sue will be back."

To Ruth's surprise Mrs. Webber came along. She grew more sociable. She laughed a lot. She was more likable under the artificial mask, Ruth decided. More wholesome. But there was something further in her attitude.

"Waiting for a man to come. On her guard. She wants to bag game," Ruth went on. She heard Sue coming and breathed relievedly.

The conversation became general. Then it narrowed.

"You've known Grace Hayden for a long time, haven't you?" Mrs. Webber said at last, addressing Sue.

"For years . . . long before I went to school."

"Is she a good sport?"

"Grand! And a fair one, too."

"Meaning that . . .?" Mrs. Webber broke off.

"I'm not making implications. She happens to be splendid, that's all. You would like her if you knew her."

A wild idea came dancing into Sue's head. "Why don't you come to dinner some night? I'll have Grace and Jimmy. Then you will have a chance to get acquainted. Grace could probably give you some valuable ideas about your house. Jimmy doesn't have all the brains in that family, by a long shot. And I think that there are some things that a woman can handle better than a man, don't you?"

"Lots of them," Mrs. Webber closed her lips tightly. "But it would be nice for you to have the dinner. I would love to come. It's lovely in town. I know so few people. I'm glad that I'm going to be a neighbor of yours."

She changed the conversation abruptly.

"Mrs. Thornton, do you think that a woman has a right to press her priority claim in a man who wants his freedom? I'm sure that you agree that the proper way out is to give him a chance to make his decision."

## WE WOMEN

By Virginia Vane

### PARENTS' DISPLEASURE MUST BE BRAVED FOR SAKE OF FUTURE HAPPINESS

Dear Virginia Vane: I expect to be married soon—have been in love with a boy two years and he has made a favorable impression on my parents. But the trouble is that he isn't able to get work here and has had to take a job about one hundred and fifty miles from my home. Both father and mother object strongly to this and mother has asked me to give him up. But I couldn't live without him although I do have to displease my parents. Please give me some advice. I'm having a difficult time trying to decide.

PATTY.

The reason that the decision is difficult for you is because you're not quite sure where your duty lies. It seems to you that according to all rules you've heard of, your parents' wishes come first. And on that basis, your present plans would be out of the question.

However what you need to realize is that in this instance your life comes first. There can be no question of giving up your true happiness, merely to please mother and father. In the end, you would give them no pleasure at all since if they are the right sort of folks to have around the house, their desire is that you should do the right thing, even if it hurts them to give you up.

Don't make a useless sacrifice. The world is full of people who have given up something to please somebody else and have found out too late that the sacrifice was useless. You will presumably be happy in your new home with the man you love—and that should make your parents happy. They cannot expect you to bring any joy to their lives if they urge you to give up everything you've been planning for.

## For Town Wear

If you want an attractive dress for all spring for town wear, here's a stunning model.

It has the up-to-the-minute light topped bodice.

It is cut along exceedingly slenderizing lines. Note the slimming becoming V-collared neckline. The lower part of the bodice also tapers toward the center waistline, thus minimizing the bodice breadth. The skirt too gives flat slimness through the hips while the front panel effect lends height to the figure.

It combines a printed and plain crepe silk.

Style No. 2864 is designed for sizes 36, 38, 40, 42, 44, 46 and 48 inches bust. Size 36 requires 22 yards of 39-inch material with a yard of 39-inch contrasting.

Our New Fashion Magazine points the way to better dress and will help you economize.

## EXERCISE IS CURE-ALL FOR SLUGGISHNESS

BY ALICIA HART

Vigorous exercise is a kind of cure-all.

If you are fatigued so you would like to lie down and die, the right kind of exercise will carry off the poison that causes your fatigue and set you up. If you have tried exercise, after a sedentary life, and are so stiff you can't bear to hear about exercise, try a different kind of exercise to cure your stiffness.

Outdoor exercise is the best thing, of course, for bad circulation that causes the rag-end-of-spring fever. But exercising in a room that is sunny and airy is not to be sneezed at.

One precaution. If you've been lazy for so long that your heart thumps excitedly when you get lively, go easy at first. But you'll be surprised how soon that old heart of yours will fall in line and learn all over again how to pump and pump hard, without any undue strain.

After you are stretched and limbered up, of a morning, try this. Stand straight, breathe deeply, swinging your arms easily at your sides. Throw your arms back as far as you can make them go. The idea is to touch the backs of your hands across your backbones (Don't worry, lots of folks can't do it).

From a far back position, throw your arms forward and across each other, hugging yourself and stretching them as far as you can. Then throw them back again. Repeat a dozen times or so. This is one of the best and easiest of all circulation exercises.

Now try this: Take the deepest breath you can, hold tight onto the back of a substantial chair or the end of the bed and swing the leg next to the support as far forward as you can, then kick it as far backwards. See if you can keep holding your breath through the performance. Let your breath come out in one big puff and keep puffing until every speck of breath is out of your body. Take another one, begin again.

# GIVE DIPLOMAS TO 60 STUDENTS AT HIGH SCHOOL

## Schools Best Insurance for Stable Government, Says Callahan

Menasha—The school systems are the best insurance for stability of government the world has ever seen," John Callahan, state superintendent of public instruction, told a large audience at the Menasha high school commencement exercises in Butte des Morts auditorium Thursday evening. Diplomas were awarded to 60 students, the largest graduating class in the history of the school.

Callahan opened his talk by recalling the conditions that existed when he was principal of Menasha high school a number of years ago. He lauded the improvements that have been made, indicating particularly the grade school buildings, the band, and the vocational work in progress here.

Because of present economic conditions, 1932 graduates face more difficult situations than have many classes in past years. He touched briefly on the effect of labor saving devices on unemployment, and that would be a step toward correction.

"Money Well Spent" The money expended for our schools is worth while because the systems develop citizenship with an intelligent and educated electorate; because the schools are the best insurance for stability of government, and because they are the best place for business people to do their work, even, he pointed out.

Explaining that the training received, rather than the book knowledge accumulated in schools, remains with the student in later life, Callahan stressed the necessity of individual thinking and cautioned parents against interfering with discussion of five subjects, namely: religion, politics, economics, against too much reverence for the king of education that "loads their heads."

He concluded his talk by turning to the graduates and wishing them all the success they deserve in future years. The program opened with a professional and two other selections by the Menasha high school band, continued with the invocation by the Rev. John E. Best, pastor of the First Congregational church. Alice Langer, who gave the Salutatory address, expressed the class' appreciation for the friendship and aid of the parents, stressed the necessity of cooperative effort and said that modern youth is being trained for united effort toward a common end.

Diplomas Awarded A number of sentences by the class chief secretary preceded the address by Callahan and the program continued with the introduction of the class by Principal R. J. Fink, the awarding of diplomas by J. E. Kiltowski, superintendent of schools, and the signing of the alumni book by the graduates.

In her valedictory address, Donald Brown pointed to the Progressive youth as the training for service received in their school activities. The welfare of a community, she said, depends on group rather than on individual advancement.

The class song, the words for which were written by June Humphrey, was sung and the benediction by the Rev. Best and the recessional by the high school band, concluded the program.

Here Are Graduates Students who received diplomas are Lewis W. Adams, Frederick Ahrens, Grace Carol Allen, Clara Lucille Anderson, Marshalllette Arnett, Harold Asmus, Sylvester Beachkofski, Lester I. Beattie, James Beck, Irene Bojarski, Beryl Donaldia Brown, Dorothy M. Carner, Edward D. Christensen, Catherine A. Corry, Dorothy E. Cottrell, Marie E. # SCOUT TROOP PLANS SUMMER ACTIVITIES

Menasha—Plans for summer activities and for attendance at the valley council camp-or-al at Clintonville next weekend were outlined by boy scouts of Troop 14 at a meeting in the Congregational church parlors Thursday evening. About 14 members of the troop will participate in camp-or-al activities.

Thursday's session was the last regular meeting until school activities are resumed next fall. Special meetings, under the direction of Robert Schwartz, scout master, will be held at irregular activities during the summer.

# SUCCESSFUL YEAR AT HIGH SCHOOL

## National Honor Society Charter Granted to Menasha Institution

Menasha—Commencement exercises Thursday evening marked the close of one of the most successful years in the history of Menasha high school.

Among the outstanding achievements were the granting to Menasha of a National Honor Society charter, the winning of the Northeastern Wisconsin high school football championship; high honors for the high school band in district and state tournaments, publication of the annual, Nicolet, said to be the only annual in the state printed in the school's own press; the department: the first publication of a student printed high school newspaper, and a tie for the debating championship of the Oshkosh district.

In dramatic competition, Menasha high school thespians won first place in the Oshkosh district and second place in a sectional contest.

In foreign competition, Allan Michie won the state championship in extemporaneous speaking, and William Fleweger participated in the state oratorical contest. First places were taken in the Oshkosh district contest at DePere in oratory, extemporaneous speaking, and second in declamatory competition. Patricia Fleweger won the North-eastern conference championship in declamatory.

In the state contest of the National Forensic league, Ripon, the Menasha debate team took high honors, with Allan Michie won first in extemporaneous speaking.

The new high school printing department has proven an outstanding success during the 1931-32 term. Work was directed by H. O. Griffith. For the twenty-fourth time the high school has been accredited with the North Central association, and also with the University of Wisconsin, state teachers' colleges, the state college of Mines and other institutions.

# COUNCIL TO OPEN KAUKAUNA-ST BIDS

## Action on Insurance Contract Awards Also Expected at Meeting

Menasha—Bids on construction of a curb and gutter on Kaukauna-st will be opened at a meeting of the common council here Tuesday evening. The improvement will extend from Main-st to Lush-st and will be constructed at a cost estimated by city engineers at \$2,805.

A number of the city's insurance contracts also will be awarded it is expected. Considerable discussion resulted from finance committee recommendations relative to the compensation insurance contract at the last regular meeting, and definite action on the matter is expected Tuesday.

Aldermanic committees will meet at the city offices Monday evening and will transact routine business in preparations for the council session.

# START POURING OIL ON MENASHA STREETS

Menasha—Oiling of a number of Menasha streets will be started Saturday under the direction of Peter Kasei, superintendent of streets. Third, Milwaukee, and a part of River-sts will be the first of the thoroughfares to be treated.

# FUNERAL RITES ON MONDAY FOR FORMER MAYOR

## Services for M. M. Schoetz at Catholic Church at 9 A. M.

Menasha—Funeral services for M. M. Schoetz, former Menasha mayor, who died at his home at 523 Broad-st Thursday afternoon, will be at the Laemmrich funeral home at 612 Milwaukee-st at 9:30 Monday morning and at St. Mary's Catholic church at 9 o'clock, the Rev. John Hummel officiating. Interment will be in St. Patrick's cemetery. The body may be viewed at the funeral home from Saturday noon until the hour of the funeral.

Schoetz was born in Milwaukee Sept. 12, 1858, the son of Michael and Theresa Schoetz, natives of Bavaria, Germany, who came to Milwaukee about 1848. The family later moved to Boltonville where the father worked as a wagon maker and where Max Schoetz received his early education. After leaving school he taught for two terms and began the study of law with L. F. Frisby of West Bend, at that time state attorney general, and later studied in the office of Collins and Pierce at Appleton. He was admitted to the bar Nov. 12, 1877; admitted to practice in the state supreme court in 1883, and five years later in the United States district and circuit courts.

He began practicing in Menasha with John Potter and after Potter's death in 1879, practiced alone for three years before forming a partnership with Eldridge Smith which continued until the latter's death in 1894. In the same year he entered partnership with Silas Bullard and after 18 months Charles Gaffney came into the firm.

Schoetz served several terms as city attorney in Menasha and in 1894 was the Democratic nominee for member of the assembly, opposing his partner, Bullard. He was elected superior for the city of Menasha until he became, in point of service, the oldest member of the Winnebago board and also served as justice of the peace and held the office of superintendent of schools for three terms. In 1895 he organized the Menasha Building and Loan association, was one of the organizers of the First National bank and the Winnebago Anzeiger publishing company.

He was elected mayor of Menasha in 1898 and served as the city's chief executive in 1898-99 and in 1922-23. He was the father of Max Schoetz, Jr., dean of the law school of Marquette university who died as the result of an automobile accident about five years ago. About 33 years ago his daughter, Pileta, met death when she was trampled by a horse in Milwaukee.

He was a member of Knights of Columbus, Catholic Knights, Catholic order of Foresters, St. Joseph society, Holy Name society and Germania Benevolent society.

# OPEN MUNICIPAL BEACH ON SUNDAY

## Grounds and Buildings Are Put in Condition for Another Season

Menasha—Barring inclement weather, Menasha's municipal bathing beach on Lake Winnebago will be opened Sunday noon, according to Vernon Gruper, superintendent of parks. Renovation of grounds and buildings in preparation for the season's activities has been completed by park board employees, and Urban Remmel will continue as life guard.

A number of improvements were made at the beach two years ago and large crowds have utilized its facilities during the past two seasons.

# PICK BEST STUDENTS IN PRINTING DEPARTMENT

Menasha—James Beck and George Van Himbergen have been selected as the outstanding students of the Menasha high school printing department for the 1931-32 term eligible to accept the offer of the George Banta Publishing company of positions in the publishing company's plant. The new high school printing department, in operation during the past year under the direction of H. O. Griffith, has shown outstanding progress, school officials have revealed.

# K. C. BOWLING TOURNEY ON ALLEYS AT NEENAH

Menasha—The 1932 state Knights of Columbus bowling tournament will be rolled on Neenah alleys, operated by Joseph Muench, it was decided at a meeting of Nicolet council in the lodge rooms here Thursday evening. The tournament was awarded to the twin city organization several months ago, but until Thursday no action on selection of alleys was taken.

# TWO CARS DAMAGED IN COLLISION AT CORNER

Neenah—Cars of Emily Curran and the Kalfas grocery company, the latter driven by Walter Krueger, were damaged Thursday afternoon in a collision on N. Commercial-st. The Kalfas car had stopped for the signal and the Curran car struck it from the rear of it, police reported. No one was injured.

# MIXED FOURSOME AT RIDGEWAY GOLF CLUB

Neenah—A two-ball mixed foursome has been planned for Sunday afternoon at Ridgeway Golf club. Pairings will be made at 2:15, play to start immediately after the pairings. Prizes will be awarded to the winners.

# WORK IS STARTED ON APPLETON-ST SEWER

Menasha—Work on the new Appleton and Ninth-sts sewer was started Thursday under the direction of Peter Kasei, superintendent of streets. The sewer, which will be about 1,400 feet in length, is being installed by a crew of about 25 men, working in two six hour shifts.

# REELECT OFFICERS OF K. C. COUNCIL

## Walter Bauernfeind Again Named Grand Knight by Members

Menasha—All officers were re-elected for the coming year at a meeting of Nicolet council, Knights of Columbus, in their lodge rooms here Thursday evening.

Walter Bauernfeind is grand knight; Joseph Tummett, deputy grand knight; Joseph Mueller, warder; M. O. Echnie, chancellor; John Mayer, advocate; Fred Schreiber, financial secretary; Edward Heckner, recording secretary; Walter Schmitzer, lecturer; and Roman Suess, trustee for three years.

A report on the state convention at Appleton, presented by H. E. Landgraf, new state treasurer, featured the regular business session.

# NEENAH SOCIETY

Neenah—A banquet for the nine young men who will receive their letters for tennis activities during the past year at the high school will be given Monday evening at the home of the Fox. Letters will be awarded and officers elected for next year. Dinner will be served at 6:30. Names of lettermen will be made known at the banquet.

The Rev. Bernard Stacker, formerly of Neenah, now pastor of Our Savior Lutheran church at Fond du Lac, will be the principal speaker next Tuesday evening at the twentieth anniversary of St. Paul English Lutheran church Sunday school organization. Rev. Stacker was the second superintendent of the local Sunday school and was greatly instrumental in securing many of the 359 members the school now has enrolled. The Ladies Aid society will serve supper at 6:30 to which all persons who have at some time taught or held office in the Sunday school have been invited.

Miss Angeline Reddin, daughter of Mr. and Mrs. Herman Reddin, Fourth-st, and Ira Marsh, son of Mr. and Mrs. Melvin Marsh, S. Park-ave, were married last Friday at Oshkosh, according to announcement made Thursday by the couple. Mr. and Mrs. Marsh are residing at 226 Center-st. Mr. Marsh is employed by the Neenah News-Times.

Presbyterian Mission Study class will meet next Friday afternoon at the church. Mrs. B. Jamison will be in charge of devotionals. Following the meeting the monthly missionary tea will be served by a committee composed of Mrs. C. J. Cannon, chairman, Mrs. F. W. Abendschein, Miss Clara Bloom, Mrs. Allie Darrow, Mrs. L. A. Eisenach, Mrs. George A. Jageron, Mrs. L. H. Freeman, Mrs. Edgar Jones, Mrs. F. V. Kellogg, Mrs. W. H. Shreve, Mrs. Alice M. Law, Mrs. Martin Magnus, Mrs. C. W. Neff, Miss Anne L. Proctor, Mrs. E. J. Renner, Mrs. H. Ritten, Mrs. Bert L. Smith and Mrs. F. A. Williams.

Our Savior Lutheran church Men's club members and their families will have an outing Sunday, June 12 at the N. C. Jersild summer cottage on the lake shore. The morning will be spent in fishing, followed by dinner.

Our Savior Lutheran church congregation will meet Friday evening at the church club rooms.

Neenah Amusement association will give an old time dancing party Saturday evening at Eagle hall.

The Eagle Auxiliary held another afternoon card party at the aerie hall. Prizes in whist were won by Mrs. Edward Ely, Mrs. A. J. Strohmeyer and Mrs. May Baruchek; by hand by J. R. Barshaw, by schafkopf by Mrs. J. Ryshaw, Mrs. J. Magalski and Mrs. Obrecht; and in bridge by Mrs. H. Barshaw and Mrs. A. H. Schroeder. The party was under direction of Mrs. A. J. Strohmeyer. The next party will be on the afternoon of June 16.

# OPEN TENNIS TOURNEY FOR NEENAH STUDENTS

# OFFICERS SEATED BY EAGLES LODGE

## Leaders of Eagles' Auxiliary Also Installed Last Night

Neenah—The Eagles and Auxiliary conducted open installation Thursday evening, seating their recently elected officers. For the Auxiliary, Mrs. Mae Schroeder, assisted by coadjutor Mrs. Estell Snyder, both of Appleton, conducted the work, and for the aerie, J. B. Schneller did the work, assisted by George Seitz.

Following the work the Auxiliary installing officers were presented with bouquets of flowers and Mrs. Emma Cummings was presented with a gift for her work during the past year.

George Seitz received a gift in appreciation of his 15 years as an officer; Walter Loehning was presented with a gift for his efficient work as president during the past year, and J. B. Schneller was presented with a gift as installing officer and for his work in the aerie.

The Auxiliary officers are: Henrietta C. Foster, past president; Emma Cummings, president; Anna Swentner, vice president; Barbara Steffens, chaplain; Ruth Drews, secretary; Emma Henebery, treasurer; Alta Blohm, conductress; Martha Boerson, inner guard; Agnes Tullis, outer guard; Ross Engel, trustees, three years; Alicia Bart, musician; Sadie Scherer, color bearer.

The Eagle officers installed were: Walter Loehning, past worthy president; Charles F. Blank, worthy president; William Tullis, worthy vice president; Anton M. Peterson, chaplain; Harry Korotev, secretary; Stephan Heup, treasurer; Joseph Beisenstein, conductor; David Drews, inner guard; J. B. Schneller, outer guard; Dr. J. P. Canavan, physician; N. D. Nielsen, trustee, three years.

Dancing followed the meeting.

# SUPER SERVICES IN BOWLING LOOP LEAD

Neenah—Super Services continue to lead the Four-Man bowling league with seven wins and two losses after the weekly matches. Nevertheless, it lost two games in this week's rolling to the Home Fuels.

Bergstrom Papers tied for second place by taking three games from Weinke Grocers, while Gilbert Papers won the odd game from Kuchenbecker Specials.

Joseph Muench hit high series on 645 and Bud Penny was second on 621.

Scores: Gilbert Papers—626, 759, 759; Kuchenbecker Specials—631, 627, 632; Weinke Grocers—734, 696, 706; Bergstrom Papers—738, 735, 714; Home Fuels—709, 727, 744; Super Services—635, 726, 737.

# GIRL'S LEG BROKEN IN AUTO ACCIDENT

Neenah—Opal Mayne, 8-year-old daughter of Mr. and Mrs. Fred Mayne, Washington-ave, is at Theda, Clark hospital with a broken leg and bad bruises about the head and body as a result of being run down at 7 o'clock Thursday evening by a car driven by Miss Marion Myhre, Carolin-st. The accident occurred at the intersection of Elm and Franklin-sts when she attempted to cross on roller skates in the center of the road. At that time of the evening there was a large crowd at Columbian park watching ball games and the road on both sides of the streets was packed with cars. The child was taken to the hospital.

# 13-POUND CATFISH IS CAUGHT IN LAKE

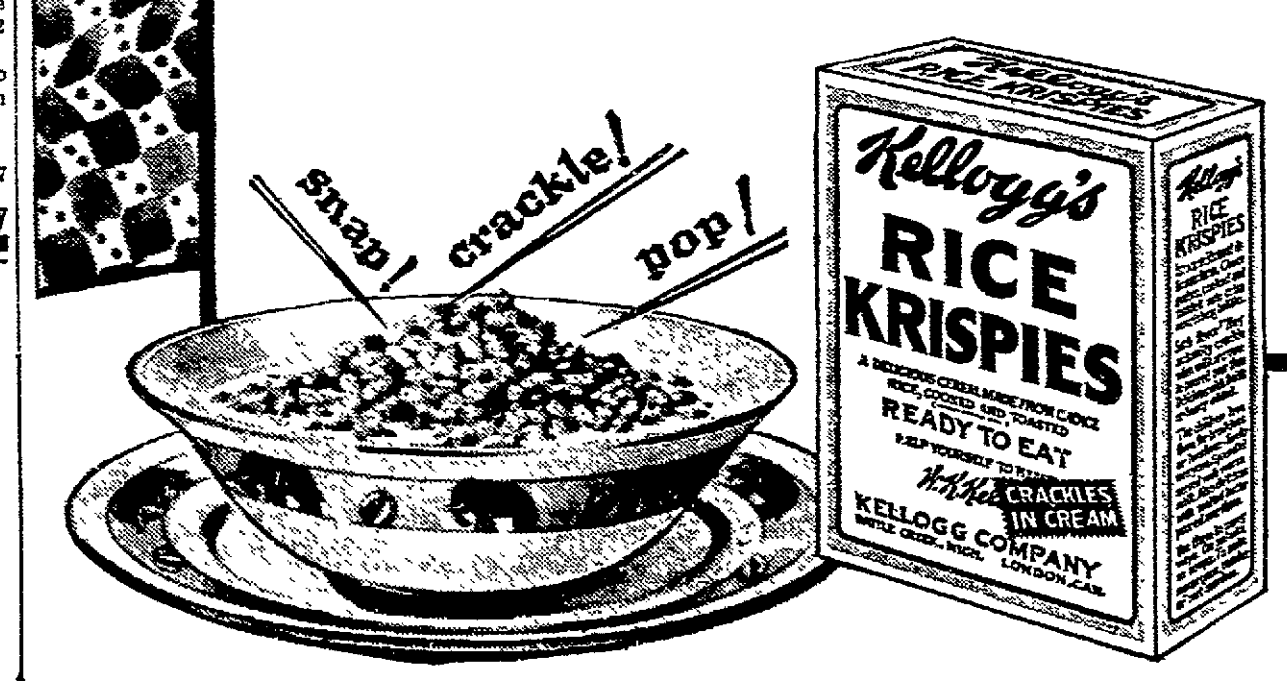

Neenah—The banner catch of the fishing season was made Thursday afternoon by Arthur Jape, Ray Voderhyden and Michael Voseck, the latter two of Appleton, when they landed a 13-pound catfish on a line with which they were fishing for pike in Lake Winnebago.

# THE LITTLE GIRL WHO FOUND HER APPETITE

YESTERDAY she only toyed with her food — so no wonder Mother was just a little concerned. But today, it's another story. Mother has found just the treat to tempt a young appetite. It's a big bowl of Kellogg's Rice Krispies and milk. And just see her dip right in with her spoon and enjoy every mouthful of that good, nourishing cereal.

It gives you a lot of satisfaction, doesn't it, to see your children enjoying their food? Well, just give them Kellogg's Rice Krispies. Crisp, delicious rice bubbles that actually snap, crackle and pop in milk or cream!

# PICK COUNTY DELEGATES TO G. O. P. MEET

Regular Republicans of Waupaca-co Hold Session at Manawa

Special to Post-Crescent

Manawa — Regular Republicans of Waupaca-co accomplished half of the work originally intended at a meeting at the L. O. O. F. clubhouse here, Wednesday evening. Delegates and alternates to the state G. O. P. convention at Madison on June 7 and 8 were elected, but no candidate for member of Assembly from this district was endorsed.

Upon motion of L. W. Eastling, Manawa, a committee of 10 was appointed by Dr. A. M. Christopherson, Waupaca, chairman, to bring in recommendations regarding the prospective candidates. F. R. Fisher, Waupaca, moved that the committee make a survey of the rural sections of the county before they make any recommendation. His proposal was seconded by John Jardine, Waupaca, and adopted at the meeting.

Members of the committee include Mrs. Clarence Klotzsch, Manawa; E. B. Carr, Big Falls; Charles Larson, Mukwa; Ed. Chapin, Iola; Ray R. Smith, New London; Elmer Byers, Marion; Ora Williams, Clintonville; Frank Zaugg, New London; Hugh N. Johnson, Farmington; William Rosnow, Larrabee.

Organization of the committee was effected with Frank Zaugg, New London, as chairman. The names of Julius Spearbraker, Clintonville; Fred R. Fisher, Waupaca; Paul E. Roman, Manawa; and Wm. Feathers, Little Wolf, were brought up in the committee meeting as possible candidates for the assembly. Another meeting of the 10 appointed members will be held in Manawa, Monday, June 13.

Delegates at large to the state convention are Dr. A. M. Christopherson, Waupaca; John Jardine, Waupaca; Mrs. S. J. Tilleson, Clintonville. Other elected were Julius Spearbraker, Clintonville; L. W. Eastling, Manawa; Wm. H. Feathers, Little Wolf; John O. Loss, Mukwa; John Rasmussen, St. Lawrence; F. H. Spindler, Fremont; Carl C. Larson, Farmington; George Suits, Waupaca; Henry C. Frihart, Royaltown; Oscar Smith, Dayton; Miss Hazel Davis, Mukwa; Mrs. John Rasmussen, St. Lawrence; Mrs. John Thayer, Helvetia; Mrs. A. B. Roberts, Matison; Mrs. Almo J. Larson, Farmington; Mrs. Tom Potts, Dayton; a total of nineteen.

Twenty alternates were elected as follows: Giles H. Putnam, New London; Frank L. Zaugg, New London; S. J. Tilleson, Clintonville; R. T. Marson, Clintonville; Robert H. Wright, Waupaca; Walter Nelson, Waupaca; Col. John Turner, Waupaca; E. E. Carr, Big Falls; N. J. Jardine, Weyauwega; John Thayer, Helvetia; William Rosnow, Larrabee; Herman Hahn, Fremont; Mrs. Fay R. Smith, New London; Mrs. C. D. Feathers, New London; Mrs. J. W. Monsted, New London; Mrs. F. C. Welch, Clintonville; Mrs. Otto Olen, Clintonville; Mrs. Fred Fisher, Waupaca; Mrs. George Classen, Weyauwega; Mrs. Myron Harrington, Weyauwega.

Mr. and Mrs. L. G. Garno of this place observed their golden wedding anniversary at their home in Manawa on Memorial Day, Monday, May 30. Plans to celebrate the event were forgotten when Mr. Garno suffered a paralytic stroke a short time ago, which has confined him to his bed since, but recovered sufficiently to enjoy the day with his children.

Mr. Garno of Little Wolf, Miss Lillian Roscoe of Royaltown were married at New London on May 30, 1932. They lived for two years on the Ike Stevens farm across from the Manawa cemetery. The first winter following their wedding was spent in the woods of northern Wisconsin. For seven months of that winter, Mrs. Garno cooked for 13 men of a logging crew, while Mr. Garno hauled logs with a yoke of oxen.

In 1884 they bought the farm now owned by Ernest Miller in Little Wolf. For that early day this particular farm was considered well cleared, but Mr. and Mrs. Garno improved it year after year, and when they sold it twenty-four years later, there were 127 acres of good land with splendid buildings, and a new brick house. They came to Manawa in April, 1909, and have made their home here ever since.

They have five children, Henry of Fond du Lac, Cora of Miami, Fla., Louis of Bear Creek, Frank of Milwaukee, and Gladys (Mrs. Ross Sweeney) of Racine. Edward, the second son, died August 22, 1910.

## BOARD ACCEPTS WORK ON NEW HIGH SCHOOL

New London — Following a meeting at the new high school this past week a thorough inspection of the new building was made by the board of education, the architect, George L. Smith, Appleton, and the contractor W. H. Farley. The work, pronounced complete by the contractor, was accepted by the board, who reserved the stipulation that any slight repairs found necessary would be made by the contractor with no added cost to the board.

The board will consider the hiring of a janitor, for which position several applications have been received. For the present Herman Hippler will be engaged.

Summer work about the school will include laying walks on Dickinson and W. Washington-sts and from these streets to the main building. This work will be done by the city under the supervision of Albert Gage, street commissioner. It is probable that the grounds will be leveled during the summer, though this work will not be considered until the sidewalks are complete.

## OFFER BAND LESSONS IN VACATION PERIOD

Special to Post-Crescent

New London — Because of the scarcity of employment for young people just released from school, the board of education has made arrangements for the continuance of band lessons to those students who are members of the school band or who contemplate participating in its membership. Lessons will begin June 20 under the direction of O. J. Hon, supervisor of public school music. The two months in which lessons will be given will be broken up as seems best suited to the needs of students and teachers.

## NEW LONDON PERSONALS

Special to Post-Crescent

New London — New London will be represented at the graduating exercises of Marquette university. ## CHURCH SOCIETY MEETS NEXT WEEK

Annual Convention of Appleton District Opens Next Tuesday

Special to Post-Crescent

New London — About 75 delegates are expected to attend the annual convention of the Appleton district of the Women's Home Missionary society in the church parlors of the Methodist Episcopal church Tuesday. Representatives are expected from the auxiliaries of Green Bay, Appleton, Antigo, Marinette, Wausau and Waupaca.

The sessions will begin at 10 o'clock with a devotional. Mrs. William Leek, Green Bay, district president, will preside. Mrs. Edna Daffey will give the address of welcome, and a response will be given by a member of the Green Bay delegation. Reports of the various auxiliaries and annual reports, as well as reports of the nominating committee will be given. A special message from Mrs. Calhoun, formerly of this city and now of Fond du Lac, will be read.

Luncheon will be served by members of the local Dorcas society at noon. The afternoon will be given over to devotionals, led by the Rev. C. A. Tuttle, followed by a demonstration of work done in all departments of missionary work. This will be followed by a group of Milwaukee women who will appear in the costumes prevalent in the countries represented. Booths will be erected for the use of this group and the work of welfare work education and all phases of missionary work will be explained. The election of district officers will conclude the convention.

## TEACHERS ENROLL IN SUMMER SCHOOL WORK

Special to Post-Crescent

New London — Many of the faculty members of New London high school will take summer courses at various universities and colleges, the majority of courses starting on or about June 20. R. J. McMahon, superintendent of schools, will teach at Oshkosh State Teachers college, the term beginning June 20. The subjects to be taught by Mr. McMahon include elementary methods and supervision with high school guidance.

Those who will engage in study include H. H. Brockhaus, A. H. Engen who will enroll at Madison; A. Vorha who will enter Iowa university; A. F. Christ, who will study at the Oshkosh State Teachers Training college; and Miss Rita Taggart and Katherine Wilson, who will enter Whitewater normal and Stevens Point normal, respectively.

## ADVENTURE ATTRACTS HIGH SCHOOL STUDENTS

New London — Following trails which may lead them hither and yon as far as their money and spirit of adventure will take them, high school boys are taking advantage of the first vacation days. Hitch hiking, ancient cars—and all manner of travel are being called into the emergency. John Garot and Warren Shoemaker left Thursday morning to hitch hike to Red Wing, Minn. John Best and James Courchane, with eyes fixed on far horizons, plan to attend the Olympic games in California. They will leave soon.

## TWO CARS DAMAGED IN COLLISION AT CORNER

Special to Post-Crescent

New London — Cars driven by Ray Nesbitt and Charles Christiansen, both of New London, were damaged about 2:30 Thursday afternoon when they collided at the intersection of Washington and Division-sts. The car driven by Nesbitt, which is owned by his brother, Matt, had fenders, running boards, and a door badly bent, and fenders of the other car were damaged. Neither of the drivers was injured.

located on the grounds of the Lincoln school will be received by the board of education until June 8. These buildings, built to care for the overflow of students, have been used for several years by grade students, three grades having been maintained in two of the buildings, while the third building was used for band work.

The completion of the new school will simplify the housing conditions to a great extent and the band work will be conducted in the specially arranged room in the new school.

## 32 Seymour Students Get Athletic, Forensic Awards

Seymour — Thirty-two students at Seymour high school were awarded the official "S" of the school for merit in athletics and forensics. The awards were made at the Class Day exercises at the city auditorium last Tuesday evening.

The high school track team which participated in the state meet at Madison last Saturday, was awarded second place. Violat which won the meet earned 16 points, while Seymour was close on the leader's heels with 15 points. Gustave Feurig of the local team was high man, totaling 12 points.

Miss Genevieve Hein, daughter of Mr. and Mrs. Joseph Hein, and Anton Fischer were married Wednesday at St. John Catholic church. The Rev. Peter Zey performed the ceremony. Attendants were Genevieve Schwab, and Clifford Schwab, Dorothy Giesbech and John Hein. A reception was given at the home of the bride following the ceremony.

Miss Esther Bellack became the bride of Roger Fraser of this city at 2 o'clock Wednesday afternoon at the Lutheran church of Black Creek. Attendants were Miss Hilda Bellack, and Alfred Melchert. The young couple will reside in the Milwaukee residence in this city.

The Kiwanis club held its weekly luncheon at Hotel Falk Tuesday. The Rev. Peter Zey was the principal speaker.

A large crowd attended commencement exercises at the city auditorium Thursday evening. Norman Miller delivered the valedictory address with the subject "Vocational Opportunities." Nortek Miller gave the salutatory. The principal speaker of the evening was Clyde Springgate of Oshkosh. His subject was "A Square Man in a Round World."

Presentation of diplomas to graduates was made by L. H. Waite, president of the board of education.

The local baseball team will meet Pulaski at Pulaski next Sunday in another Land O' Lakes league game. Since their defeat last Sunday at Cecil and again at Bondell on Memorial day, the local boys have vowed to make good their losses by defeating the league leaders Sunday.

## BISHOP RHODE TO CONFIRM CLASS

Services Will Be Held at Sacred Heart Church at Sherwood Sunday

Sherwood — Bishop Paul P. Rhode, D. D. of Green Bay, will administer the sacrament of confirmation at Sherwood Sunday. Solemn high mass will be sung by the Rev. E. Westenberg of Green Bay, assisted by the Rev. A. Jaackle, pastor of Sacred Heart church.

Mrs. Elizabeth Magolski for many years a member of Sacred Heart parish, died at Menasha last Friday. Funeral services were held at St. John church, Menasha, with burial in Sacred Heart cemetery Tuesday morning.

## EXPECT 4,000 FIRE FIGHTERS AT STATE MEET

Annual Convention to Be Held at Clintonville June 14, 15, and 16

(Special to Post-Crescent)

Clintonville — Plans for the forty-fifth annual state firemen's convention to be held in this city June 15, 16 and 17 were completed Wednesday evening at a meeting of Clintonville firemen and various assisting committees at the city hall. William Wipperfurth of Portage, president of the Wisconsin State Firemen's association, was present.

From all indications the convention here will be as well or better attended as the 1931 convention at Kilbourn. About 4,000 persons are expected to attend the event. In order to house the large number of visitors, a thorough canvass has been made of private homes in this city and nearby lake cottages.

Business sessions of the convention will be held in the local armory. State officers will be elected.

Athletic events and firemen's proficiency tests will take place in Central park. Five thousand dollars in cash prizes will be distributed to the teams competing in the various contests, as well as department appearance prizes and prizes for the best hand in attendance at the convention.

Visitors to the convention will be shown through the plant of the Four Wheel Drive Auto Co., and other industrial institutions.

Poppies day here Saturday netted approximately \$50 for relief work among disabled war veterans and their dependents, according to the committee in charge. Women's Auxiliary of the American legion sponsored the event, and the committee included Mrs. Bernard Knapp, Mrs. Charles Laux and Mrs. Harry Peotter. About 20 young girls, members of the local chapter of Girl Scouts offered the poppies for sale throughout the city. Those who collected the largest amounts during the day were Janet Larson and Esther Melfert.

Mrs. George Hoffman and daughter Jacqueline have gone to Gladstone, Mich., where they will spend a month at the home of the former's parents, Mr. and Mrs. G. Garvey.

Royal Neighbors met Wednesday evening and decided to have their next meeting in the form of a card party to be held in L. O. O. F. hall Wednesday afternoon, June 15.

Rotarians, at their noon luncheon held Wednesday in Hotel Marston, heard a report on the activities of the district Rotary convention recently at Eau Claire, given by Dr. G. W. Spang, president of the local club. Max Stieg, member of the club, who attended the automobile races at Indianapolis on Memorial Day, in company with the F. W. D. Co. directors, gave an account of the race by a broken oil line but gave great promise for future performance, and attracted very much attention there, it was reported.

A group of local Republicans were at Manawa Wednesday evening where they attended the county Republican convention. Those present were: R. T. Marson, Julius Spearbraker, O. B. Williams, Robert Winkler, Dr. G. W. Spang, William Rosnow, Jr., E. A. Spearbraker, Messrs and Mesdames S. J. Tilleson,

S. H. Sanford, A. B. Roberts and T. A. Landon.

At a meeting of the women's organization which preceded the regular meeting, Mrs. S. J. Tilleson of this city was reelected county president.

Mr. and Mrs. B. E. Miller, Mr. and Mrs. F. D. Hurley, Mr. and Mrs. A. G. Bohr were those from this city who attended the annual state convention of Knights of Columbus Wednesday and Thursday in Appleton.

Mrs. William H. Schmidt and Miss Mary Fenn will leave Monday morning for Kilbourn to attend the state Rebekah assembly. They are delegates chosen to represent the local Rebekah lodge.

Mrs. Arthur Long entertained the Wednesday afternoon bridge club at her home this week. Honors went to Mrs. Frank Kohl and Mrs. John Elsbury.

Teachers of Clintonville public schools have left for the summer, following the close of the school year. With the exception of Miss Gladys Thomas and Miss Smith, the entire faculty in September to return for the coming year.

Milton Melhouse, who high school band during several years, will remain the summer months, hold weekly band practice school band every Thursday at the high school.

# TAMMANY IS BIG PROBLEM AT CONCLAVE

Question May Make or Break Roosevelt — Dry Law Big G. O. P. Issue

BY BYRON PRICE

Washington — (AP)—Two familiar headlines of many a past campaign—Tammany and prohibition—come very near to monopolizing political speculations as the two parties pack up their troubles and prepare to fight it out at Chicago.

For the Democrats, the big convention question is who will be the presidential nominee; and at the bottom of that, for the moment at least, is the problem of what Governor Roosevelt will do to Tammany, and what Tammany will do to him, and what the convention will think about it all.

Among the Republicans, the only great uncertainty is over the platform; and nine-tenths of that uncertainty is clustered under the single heading of what to say about the dry laws.

Definite developments on both of these subjects have been provided during the present week, while delegate-chosing was at a standstill and other determining events were almost entirely lacking.

From a political standpoint, not even the rumpus in Washington over taxes and economy attracted anything like the attention which centered about the Seabury investigation in New York. It is hard to figure out where the congressional tangle has produced any new issues, but it is easy to see that far-spreading consequences may possibly flow from the expected demand that Governor Roosevelt remove Mayor Walker from office.

Tammany Question

Although there is the widest difference of opinion among practical politicians as to the direction of those consequences, they are in substantial accord on certain features of the case. No one questions Tammany's support of Walker, nor doubts that his removal by Roosevelt would increase the probability of unrelenting Tammany opposition to Roosevelt's nomination. No one disputes that in a large section of the country Tammany is unpopular, or that in those sections a definite Tammany-Roosevelt break would help the governor.

There is agreement that the necessity of a decision on the eve of the convention would put Roosevelt on trial just at the most critical moment of his drive for the nomination. He would be faced with a great hazard and a great opportunity. He would have to show the party how effectively he could handle a difficult situation, and in that sense his action, one way or the other, might have a very marked influence on his bid for leadership.

The Republican prohibition developments have not been quite so clear-cut, but have indicated progress from the complete bafflement of a week ago. The declaration of the united dries that they will stand by their guns has made its impression. At least one cabinet officer who has been advising that the party cut loose entirely from the Anti-Saloon league now is predicting the plank will be acceptable to the dries, as well as to the moist.

Summed up, however, the conference of the dry captains here was not fully conclusive. They agreed among themselves that they would confer again, after the Chicago conventions. If both parties do displease them, it may mean that they will let the presidential campaign largely alone, and concentrate on electing dry members of congress, regardless of party. After all, almost any approach to a prohibition change would have to be made through congressional action.

The half-proposal to invite Senator Borah to head an independent dry party has made no appreciable progress. Only one or two of the assembled dry leaders conferred with the senator, and the results appear to have been very nebulous.

## Your Birthday

BY MARY BLAKE "GEMINI"

If June 4th is your birthday, the best hours for you on this date are from 9 a. m. to 10:20 a. m., from 2:30 p. m. to 3:50 p. m., and from 7 p. m. to 8:15 p. m. The danger periods are from noon to 1:30 p. m. and from 10:30 p. m. to 11:35 p. m. A light, fantastic mood will be engendered by the Planets on June 4th, and there will be little taste for the serious things of life. Those who usually enjoy their Saturday "half-day" will seek diversions of amusement instead of home or other duties. A reminder of the past will disturb memories hidden away in dusty corners of your brain.

Children born on this June 4th zest for the flesh pots and social will have sunny natures, and much and pleasure veins of existence. They will gain through favoritism and the help of influential friends. Their clever and convincing tongues will almost be able to paint black white, is an endeavor to prove inexcusable things.

Born on June 4th, you are a person with very decided and cultured tastes, with few, if any, real artistic talents. You can neither produce nor create, but you instinctively know how to select or buy that which is correct or worth while—you can separate the wheat from the chaff. You like to associate with or read about men and women with brains worth picking. As a copyist, you are undeniably clever, and are credited with more brain, wit and originality than nature has really given you. You can throw a new light on old things, and put a sparkle in unromantic facts, for you

## have many little sidings of originality in your mind.

You are a person of action, and waste no time in going after what you want. Anxiety and impatience, however, often makes you hit the iron before it is hot, thus postponing or spoiling your chances for success. You involuntarily communicate your extraordinary enthusiasm to others. You can exercise authority without harshness, and can be firm with a pleasantness of manner which takes the sting out of discipline.

You are fond of the good things of life, but do not allow your pleasure to hurt yourself or others. You are strongly emotional, but discipline will ever be master of your instincts. You love social life and the color of existence.

Detroit—(AP)—Another name has been erased from the roll of living pioneers of the automobile industry.

Death came yesterday to Hugh Chalmers, one of the little group of men whose vision of mass production of automobiles for the general public turned a small group of "rad factories" into the giant motor industry of today.

Mr. Chalmers died in a private hospital at Beacon, N. Y., after being stricken ill suddenly while motoring in the east with Mrs. Chalmers. Pneumonia complicated by a heart ailment caused his death. He was 55 years old.

BY LEMUEL F. PARTON  
Copyright, 1932, By Cons. Press  
New York—(CPA)—Waiter Evans Edgo was one of the first, perhaps the first, of American foreign envoys to recognize that changing world conditions made his job an economic rather than a political task, and to act accordingly. One of his first activities when he arrived in France, as American ambassador, in Dec. 1929, was an extended tour of the provinces, making a minute study of trade agreement possibilities.

W. E. Edgo

The most-favored nation agreement between France and America, announced Thursday, is largely the fruit of Mr. Edgo's study and negotiations, as was the previous ending of the double taxation of Americans in France. The agreement for consultation between the two countries, when import quotas are to be considered is also something new. "Sell an apple a day and keep the sheriff away" may become the new world slogan.

Those who denounce muddling politicians may consider what an intelligent, although professional politician, may accomplish when he doesn't have to think of a belligerent minority back home. A former governor of New Jersey and 10 years in the United States senate, he practiced politics all his life and turned to economics the first chance he got. Big and bulky, with a too-tight frock coat and striped trousers, he draws the line at spats. He is quick and precise, tactful and humorous, and the French like him. He started home Thursday, to attend the republican national convention as a staunch Hoover delegate from New Jersey.

This writer, investigating Franco-American trade relationships, was given a sheet of documents at the American embassy in Paris. One was a pitiful wall from American canning interests, asking the French to stop soaking them with high tariffs. Another was a most temperate report by a French tariff expert on this letter. It said the Americans had "unconscionable gall" to ask for lower tariffs, in view of their own excesses. The third was an oily re-scrip, translated into diplomatic language, suavely telling the canners where they got off. This glimpse of off-stage diplomacy and its difficulties convinces this observer that Mr. Edgo rates both ticketaise and horn-tooting when he gets off the boat.

When Richard F. Cleveland, son of the late president, represented Princeton in an international track meet in England, he placed in the shot put. Nominating Governor Ritchie of Maryland at the demo-

EXPERT FAINTER IS LODGED IN CELL IN MINNEAPOLIS JAIL

Minneapolis—(AP)—Joseph Webb fainted himself into the city jail last night.

Webb, 21, who said his home was Amarillo, Texas, was described by police as an expert fainter who exploited his genius to the extent of collecting many dollars and at least one dinner invitation.

Street car conductors in recent weeks have turned in reports showing a wave of fainting on their cars. The description of the victim tallied in each report.

Also, the victim in each case said he was hungry and other passengers took up collections, and in one instance he was invited to dinner by a young woman. Each time he disappeared before ambulances arrived.

Two detectives, moving faster than an ambulance, caught up with Webb last night and he was charged with vagrancy.

cratic convention, he hopes to do better, and his friends promise that, whatever happens, he will win, place or show.

He is the eldest son of Grover Cleveland, and is now 34 years old. In 1924, he joined the law firm of Semmes, Bower and Semmes, of Baltimore, and has advanced rapidly in his profession. He backed Al Smith in 1928. An end to muddling has been his main political pre-occupation.

"The American forefathers," he says, "deliberately chose a form of government which has resulted in the most inefficient government in the entire world."

In 1917, he led the revolt against the club system of Princeton. He joined the marines and returned to Princeton in 1919. Major politicians watch him as one of the most promising of acolytes.

Tears of patient and intelligent work in both preventive and curative penology are recognized today in the appointment of Miss Jane Hoey as a member of the New York state prison administration commission.

Miss Hoey was one of the first to insist that magnificent school buildings do not necessarily mean education, and even the most efficient jails are no bulwark against crime. While making no concessions to sentimentalists, she has quietly furthered the humane and scientific attitude toward crime. A graduate of Trinity college, Washington, and Columbia university, she has been engaged in social welfare work in New York for many years. In 1927, she was appointed a member of the state commission of corrections. She was the first woman to whom Holy Cross college awarded an honorary degree.

CONVENTIONS MEAN CASH HARVEST TO HOTEL INTERESTS

G. O. P. Conclave May Be Over June 17—Democratic by July 2

Chicago—(AP)—If the law of averages works out, the Republican national convention will be over by the night of June 17 and the Democratic national convention will adjourn about noon July 2.

In the last 52 years the Democrats have averaged 5 6-13 days in session and the Republicans 4 3-13.

Speculation over the duration of the big meeting is rife in Chicago just now as hotel owners, restaurateurs and tradesmen anticipate eagerly the coming rush of convention business. What a deadlock might mean to them can be seen in the estimate that each convention day will bring in a half million dollars.

Both tradition and present circumstances point to a brief gathering of Republicans. Their convention starts June 14 with the renomination of President Hoover a foregone conclusion. Even with a full day devoted to debate over a prohibition plank, the meeting is not expected to last more than four days. Tickets have been printed for only four days, but the fourth day ticket entitles the holder to any and all future sessions.

Depend On Democrats  
The Democratic convention with its two-thirds majority rule holds Chicago's hopes for a financial harvest. A glance at the records gives considerable foundation for those hopes. The longest convention, of course, was the 1924 meeting in New York when the delegates wrangled for 17 days before they nominated John W. Davis. There have been other long Democratic conventions, however, notably the 1912 and 1920 meetings of nine days each.

If they hold an average convention, the Democrats would adjourn just in time to get home, or be well on the way, Sunday. Their meeting this year starts Monday, June 27. Tickets have been printed for 12 sessions or for six days if the practice of holding two sessions a day is followed.

The following table shows the duration by days of the conventions since 1880:

since 1880:	Republican	Democratic
1928 4	(Hoover)	4 (Smith)
1924 3	(Coolidge)	17 (Davis)
1920 5	(Harding)	9 (Cox)
1916 4	(Hughes)	3 (Wilson)
1912 5	(Taft)	9 (Wilson)
1908 4	(Taft)	4 (Bryan)
1904 3	(Roosevelt)	4 (Parker)
1900 3	(McKinley)	3 (Bryan)
1896 3	(McKinley)	5 (Bryan)
1892 4	(Harrison)	3 (Cleveland)
1888 6	(Harrison)	3 (Cleveland)
1884 4	(Blaine)	4 (Cleveland)
1880 7	(Garfield)	3 (Hancock)

A BOOK A DAY

BY BRUCE CATTON

DETECTIVE STORY LOSING OUT  
Authors' agents have reported recently that the detective story is rapidly losing its popularity; and the most casual glance at current detective fiction will tell you the reason why.

The mystery story in brief, is losing out because, as a general rule, it is atrociously written, utterly humorless and devoid of the slightest kinship with reality.

Consider, for instance, "Have His Carcase," by Dorothy L. Sayers.

This tells how a Russian gigolo was found lying on an English beach with his throat slashed from ear to ear. Lord Peter Wimsey, who seems to go about England detecting just for the fun of it, solves the murder—and introduces you to such a hopeless complicated, involved and generally witless homicidal plot that the chances are ten to one you'll quit the book long before you reach the end. And, I might add, if you do you're smart. In fact, if you're really smart you won't even start it.

Then there's "The Listening Woman," by Massicotti Sparrow. An old gentleman gets done in his bedroom, at midnight, and the story comes to us through a dull-minded servant woman who gets the low-down by keeping her ears open. At no time is it really clear just what has happened, and at no time does the gentle reader really give a hoot.

Far better is "Clerical Error," by Anthony Rollis; a tale of a mild English rector who becomes a homicidal maniac, poisons his wife, a prominent parishioner and an ancient clergyman and finally gets tripped up because of the suspicions of the local doctor. It's not a mystery, but it is interesting and fairly plausible.

"Have His Carcase" is published by Brewer, Warren and Putnam. The other two come from Little, Brown and Co. Each is priced at \$2.

ITEMS OF INTEREST TO LEEMAN RESIDENTS

(Special to Post-Crescent)

Leeman—Mr. and Mrs. William Jarchoy, son Walter, Elmer Severson, Mr. and Mrs. George Jones and children were visitors the past week at the home of Mr. and Mrs. Tony Jones in Townsend.

Mr. and Mrs. Robert Carpenter, daughter Maybelle and son Alvin, were supper guests at the home of Mr. and Mrs. Joseph Tauble in New London Monday evening.

Mr. and Mrs. Elmer Roblee and children of Milwaukee were guests of Mr. and Mrs. Henry Sherbeck over the weekend.

The Andrew Sygar family who have occupied the house on the old Planert farm have moved into their farm on County Trunk G where they

recently completed the building of a small residence to replace the one destroyed by fire a few years ago. Mr. and Mrs. Paul Goldbeck and Howard Griebel of Racine were guests the past week at the Peter Sanven home.

Charles Carpenter who has been seriously ill at his home here is reported to be improving.

Clarence Garberek and Alvin Johnson left Tuesday morning for Racine after an extended visit at the home of Mr. and Mrs. Frank Berst.

Several cases of measles are reported among children in the vicinity.

Mrs. Emil Larson and Miss Celia Nelson visited friends in Shawano Tuesday.

Mrs. Dorothy Bergmann of Tigerton is spending a few weeks at the home of Miss Julia Thompson.

JAMES HUGHES MAY SEEK SEAT AS CONGRESSMAN

James Hughes, DePere, is expected to be endorsed by English district Democrats at their district conference in Green Bay Saturday evening as the Democratic candidate for congress from this district.

About 200 delegates are expected for the meeting at Green Bay and Outagamie-co will send about 35 delegates, according to

liet, chairman of the cratic committee. gates will represent the state conference on Saturday, June 1

## OPERATES 130-ACRE FARM FOR 38 YEARS

**BY W. F. WINSEY**  
 Askew—S. J. Shannon who came here from Winchester where he was born, has been operating a 130-acre farm here the past 38 years. He was agent at the railroad station here for the past 12 years.  
 As farm crops, Mr. Shannon is raising 33 acres of barley, 12 acres of speltz, 20 acres of oats seeded with clover and timothy, 10 acres of sugar beets, 10 acres of corn, three acres of potatoes and two acres of cabbage. He has no hay meadows and only 20 acres of native pasture.  
 Last year, Mr. Shannon raised 198 acres of canned peas and expected to raise an equal acreage this summer, but this spring the canning company cancelled its contract with him.  
 In Mr. Shannon's opinion the hay crop in the old meadows will be exceedingly light this summer as will be the pasture crop.

**Women said:**  
**A fast working soap can't be safe!**

**BUT they didn't know about the New Oxydol then**  
 If sad experience with other soaps has convinced you that a soap able to soak dirt out quickly is too strong for colors and fine materials—try Oxydol. No longer need you spend extra time washing lingerie because you're afraid to use the same soap that whisks dirt out of sheets!  
 Women know now that rich suds are what do the extra work for them—that suds are the secret of all easy washing. The New Oxydol's as mild as May—as kind to hands as it is to dainty things—yet it takes dirt out faster than any soap you've ever seen. Because it makes 50% more suds—richer, longer lasting suds that float dirt out and hold it out so clothes are fresh and fragrant—clean smelling suds that don't ball up or leave a scum.  
 Use it for dishes too. See how quickly those extra suds cut the grease—how easily they rinse off so dishes are sparkling clean—how much work they save you. And remember that Oxydol softens water. Even the softest water turns hard when you put in dirty clothes or dishes.  
 Ask your grocer today for a big package of the New Oxydol. Use enough to make rich suds—it dissolves instantly—and see how it lightens all your household tasks.

# Find Diabetic Need Not Be Thin Or Avoid Hard Work

**Madison**—It is no longer necessary that a diabetic should be thin or that he should avoid work. Diabetes is now under sufficient control so that a diabetic can be as well nourished as any other person, and can work as hard as he chooses.

This is a part of a statement made public today by the Educational Committee of the State Medical Society, answering many inquiries as to the use of insulin by diabetics. In the third of a series of articles on this subject the bulletin declares that all foods eaten by diabetics should be carefully measured since the body can make sugar from protein foods.

"The modern standards for the maintenance diets to be given to diabetics take these things into consideration," declares the bulletin. "If weight is not maintained at the normal level for a given height and age, the diet is improperly designed, or the patient needs insulin. If the diabetic is not losing sugar in his urine but is underweight, his diet needs to be raised. This rule applies whether insulin is used or not. The only safe way is to employ a measured intake of food at every meal. The measurement is best made with the use of a special food scale to avoid errors. If the diabetic tries to limit his diet by using food in terms of slices and spoonfuls, he is almost sure to use too much since his appetite makes him cheat himself. Cheating is far less apt to happen when the figures of a scale are seen. Any errors with a scale will not be due to conscious as to what is a spoonful or an average-sized slice.

**Diet Brings Results**  
"The good results from the use of a carefully weighed diet routine are so evident that no diabetic ought to try to get along in any other way. If the meals are so planned that the amounts of carbohydrate foods are as small as is known to be safe, with the fats proportionately high, these diets are economical. Such proportioning of fat and starch foods needs to be done by a physician who is experienced in the management of diabetic patients. Diet plans of this sort are easily available to any Wisconsin doctor. If the diabetic patient is unable to keep free from sugar in the urine while using such a diet, a change needs to be made. If the diet is more than enough to maintain weight, a smaller diet should be tried. If weight is not being maintained, insulin is needed and may be expected to help in the gain of weight and also of greater strength. Insulin is usually not advised if the diabetic is able to keep from sugar loss when he eats enough to maintain his normal weight while at his usual occupation. If such a diet cannot be taken without the appearance of sugar in the urine, there should be no delay in starting the use of insulin in addition to the diet. The patient is instructed by his doctor in measuring

the food, injecting the insulin hypodermically himself, and also in testing his urine so that he may be sure there is no loss of sugar. This sounds formidable, but after a little experience it takes only a few extra minutes each day, and the tasks are performed as habitually as the teeth are brushed. The precautions for the care of diabetics become merely a routine task rather than a real handicap."

## LARGE CROWD ATTENDS SCHOOL BOARD MEETING

**Special to Post-Crescent**  
Waukegan—Mrs. R. D. Luther entertained 12 girls Wednesday afternoon at her home on S. State-st. in honor of the tenth birthday anniversary of her daughter, Charlotte. The afternoon was spent in playing games and lunch was served. The girls included, Inez Williams, Marcelle Peterson, Audrey Williams, Dorothy and Mildred Fries, Betty Darling, Jean White, Gene Jones,

Denaze Hafemeister, Joyce Behm, Amy Anderson and Edna Smith. A large crowd attended the Waukegan rural school board convention which was held in the Waukegan Memorial armory in this city Thursday. John Callahan, state superintendent of schools, was the principal speaker.

The Women's Relief corps was entertained at the home of Mrs. E. O. Schwarzkopf S. Division-st. Thursday afternoon. After the business meeting a social hour followed and lunch was served.

The Girl Scouts held a regular meeting at the home of their captain, Roberta Holly, S. Main-st. Thursday afternoon.

The following chairmen of the Brade's pageant, which will be given at the M. E. church June 25, will meet with Mrs. E. T. Soper, Main-st. Saturday evening: Mrs. Charles Burton, Mrs. Roy Holly, Mrs. Marian Darling, Miss Helen Sill, Mrs. H. N. Olson and Mrs. Myron Godfrey.

**A NEW CEREAL THAT LOOKS HANDSOME and tastes even handsomer**

**HERE'S a wonderful new breakfast food that you're going to like a lot—and often! It's called Grape-Nuts Flakes, and if you haven't tried it you've missed a very, very pleasant experience!**

Grape-Nuts Flakes is a cereal nobody has to learn to like. Its crinkly flakes are crisp and golden and dimpled—a tempting form for the grandest of choice breakfast flavors—the glorious flavor of Grape-Nuts!

Grape-Nuts Flakes is wonderfully nourishing and easy to digest. It gives you valuable nourishment—nourishment that provides many of the essential food elements. Get a box to-day! Grape-Nuts and Grape-Nuts Flakes are both products of General Foods Corporation.

**Serve both Grape-Nuts and Grape-Nuts Flakes**

Enjoy the Grape-Nuts flavor in this new FLAKES form. And keep on enjoying it in the familiar nut-like kernels of GRAPE-NUTS itself—the crisp kernels so beneficial to teeth and gums.

You Can't Marry

by Julia Cleft-Addams

SYNOPSIS: Eddie Townsend refuses to live on his wife's "bounty," now that he won't be able to fly for a while. George, his wife, wants to keep her job and support both of them. She is so determined not to stop that she is keeping her marriage secret, since her employer discharges women who marry.

Chapter 30  
BREAD AND CHEESE AND KISSES

"S O GILL" Eddie continued, "fixed up a room for me with this old soul — ugliest old figure-head you've ever seen but darn good sort — and Jenny comes for me every morning and returns me at ten every night."

"And I guess I'll stay on with her while you're finishing things off with the Old Man and maybe helping to find someone to take your place."

"And then—" he drew a deep, unsteady breath and his hand gripped Georgie's fiercely under the gay little cloth—"then you shall make me a home on what we can scrape together between us. I'm not proud about using your savings as well as my own. And we'll live on anything we can beg, borrow or remove and convert to our own ends; and you shall burn an omelette a week until Jenny shows you better."

She played nervously with her foot, then raised it hastily for a fool and began to eat greedily. "The longest speech I've ever heard you make," she said. "You seem to have thought it all out, darling. Only from your own point of view."

Eddie began to speak but checked himself. After a few more mouthfuls of baked egg, he asked abruptly—

"Did you know that people think—that people have been told it was Jenny I married?"

"Oh, you mustn't deny it!" Then, realizing that she had betrayed herself, she added—"Surely, so long as the Old Man keeps to that ridiculous role of his, it's better that we should pretend—anything! You see, Eddie, I can't give up my job. Not at any rate for a bit."

He pushed his chair away from the table and tilted to and fro on it, the old soul on his face.

"Would you have given it up?" he asked, "if I had gone to Mexico and come back again to fly here?"

She, too, abandoned the unhappy little dinner. She lit a cigarette.

"I'm beginning to think you wouldn't, Georgie."

"What on earth is the good of arguing about what might have happened? You aren't going to Mexico now—and jolly sick the Old Man is about it. He recommended you to Garth Aveney himself and he says there's no one else here—"

"Never mind the compliments. I'm beginning to think you never intended to give up your job when I got back and that you don't intend to give it up now."

"Eddie, what are we to live on if I do?"

To her surprise he had an answer. "Not so very much less than we should have had if I hadn't lost my nerve. There's our savings—" and he did not notice her confusion, "and I shall collect a—bit from one little insurance and another; and I shall find a job. I'm nearly all right again, you know, Jenny has pretty well cured me, bless her little heart!"

His face whitened.

"I told Jenny you wouldn't have any use for me now."

"That's not what I'm saying," she cried passionately. But there was a cold breath in her heart. Wasn't it true that the old thrill of him had vanished, only to return when he held her and kissed her and looked vital and big? What did she feel for him when he clung, terrified, to a window-curtain while something clattered in the street below? Pity, perhaps...

(Copyright, Julia Cleft-Addams)

If Georgie won't give up her position, Eddie will go away for a year. Will this threaten her firmness, on Monday?

COUNTERFEITERS WORK HARD

All the efforts of counterfeiters in Stuttgart, Germany, to turn out, in record time, bank notes having a face value of \$2,000,000 were spoiled when the police raided their workshop. The police found two men who had been busy night and day for several weeks in turning out the money. Counterfeit hundred-mark banknotes having a face value of \$375,000 were seized. Six men have been arrested in connection with the case.

PRAYER SAVES STORE

Cincinnati, O.—The power of prayer now has a staunch supporter in Mary Wilhelm, 45, owner of a confectionery store here. Recently two robbers entered the store and attempted to rifle the cash register. Miss Wilhelm blocked the path to the money and prayed audibly that she be spared from the robbery. The two men eyed each other quizzically and hurried away.

# Appleton And Oshkosh Expected To Battle For Track Title

## ORANGE HOPES WILL DEPEND ON CHET CAVERT

Results of Spring Contests Favor Sawdust City to Cop

Oshkosh and Appleton high schools will wage a bitter duel for the Fox Valley conference track championship here, Saturday, records of meets between valley schools this spring, indicate.

The two schools met in a dual meet at Oshkosh Tuesday and Oshkosh won, 53 to 50. Both teams were crippled, Appleton having suspended Neller and its star shotput, Weber, in addition to having capt. Chet Caver, star sprinter, laid up with a bad knee. Oshkosh lost points because Reed, brilliant 440 and 220 yard dash man was out with a sore leg muscle sustained in the state meet, at Madison. Talbot, spiked in the heel at the state meet was out of the mile and Walker Miller, star half miler, was kept out of his race with a broken wrist.

If Caver can compete for Appleton and shows as well as he did in early training, the Orange has an excellent chance to cop the title. If Caver is not performing so well the teams probably will finish in the following order: Oshkosh, Appleton, West Green Bay, and East Green Bay.

Oshkosh Strong In 880 Berrell of Oshkosh ran a 2:10 half mile Tuesday and if Miller can run with a cast, Oshkosh may take two places. East has Basche and Appleton has Van Ryzin and Verrier.

Wiener of Oshkosh ran a 4:39 mile at the state meet and Boehm, East, Talbot, Oshkosh, at his foot heels; Bull, Manitowish, and Parnboom and Schubert, Appleton, will fight for second and third places.

Mortell's 15.6 seconds high hurdle race in the Oshkosh meet stamps him as one of the best with Daniels, Oshkosh and Schubert of West, his most serious competitors.

Caver is perhaps the class of the valley in the 220 yards but Mortell, also of Appleton, surprised at Oshkosh by making them in 27.6, while Jungbauer, Oshkosh; Krohn; Appleton; Willott, Manitowish, and Wheeler, West, rate high.

Snell, East; Schlavski, West and Leitzke, Oshkosh have done better than 10 feet, 6 inches in the pole vault. Johnson, De Young and Mortell of Appleton all tied for first place at Oshkosh, at 10 feet six inches.

Malchow In High Jump Malchow's 5 feet 9 inches at the Marinette relays stamps him as one of the high jumpers, but Flaherty, West; Daniels, Oshkosh; Schlavski, West; Ducion, West or Mortell, Appleton, may have their day and beat him.

Caver, Appleton; Malchow, Oshkosh; Carberry, Manitowish, Rule, Appleton and Ducion, West, are the leading broad jumpers.

With Weber out of the shot, Langenkamp, Manitowish; Keller and Tillman, Appleton; Michael, Manitowish and Reese, Oshkosh will vie for the points. In the discus, Langenkamp, Weber, in his competitors, Michael, Tillman and Daniels, the latter of Oshkosh, are leaders.

The relay does not count for points but both Oshkosh and Appleton have done the 880 in 1:32.

The meet will start at 1:30 sharp with Harry McAndrews as referee and starter. Coach Percy Clapp of Lawrence is clerk of the course and will preside when the coaches meet at 12:30 to enter contestants. Werner Witte, high school athletic manager is managing the tournament.

## SEE NEW RECORDS AT CENTRAL MEET

Seventeen Midwestern Schools Compete at Marquette Stadium

Milwaukee —(P)—A general onslaught on central intercollegiate outdoor track and field records, some of which have stood since the first program in 1926, was expected when athletes from 17 midwestern colleges and universities met tonight in the Marquette University Stadium for the seventh annual central games.

Athletes entered here have been consistent this season in battering the existing meet marks in no less than eleven events, and it is freely predicted by coaches that at least half that many new meet records are certain of achievement.

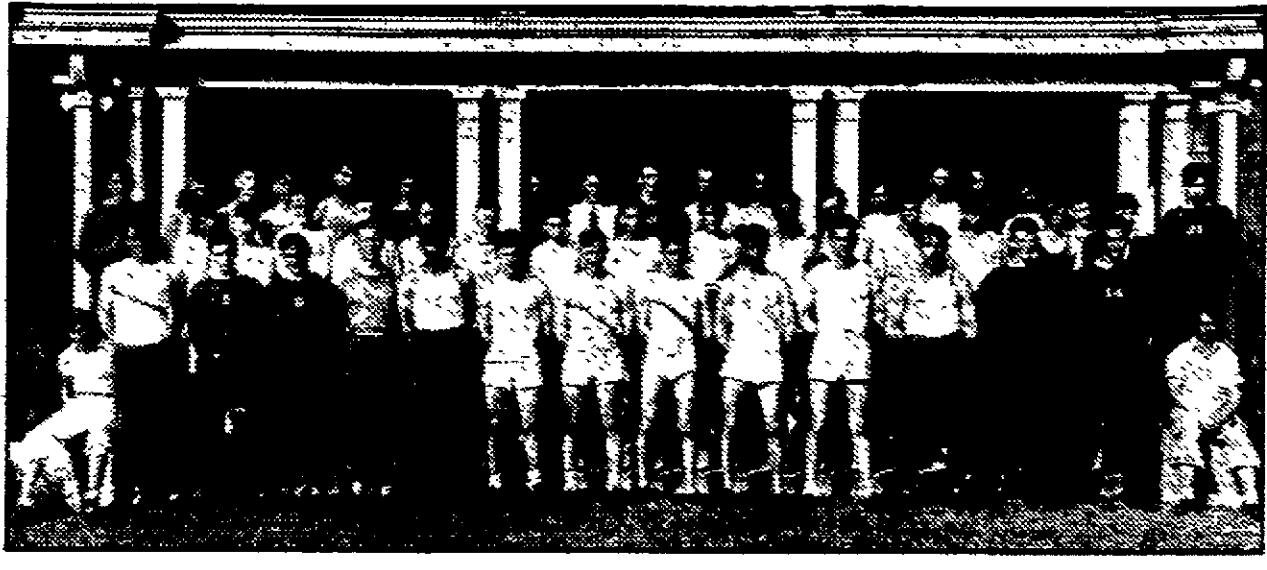

New records are expected in the 440 yard run, mile relay, the hurdles, the shot put and the high jump.

The universities of Wisconsin and Chicago provide the first Western conference opposition in the central meet. Other schools entered are: Notre Dame, Butler, Marquette, Michigan State, Michigan Normal (Ypsilanti), Western State (Kalama), Detroit City College, University of Detroit, Loyola, (Chicago), De Paul University, Illinois Normal, Bradley Tech, Milwaukee State Teachers, and Oshkosh State Teachers.

Among the outstanding athletes participating are: Ralph, Michael, Marquette sprinter; Ted Bach, Michigan State hurdler; Alex. Wilson, Notre Dame middle distance man; Bert Nelson, Butler high jumper and John Brooks, Chicago broad jumper.

Stewart Aiken of Cleveland, O., was awarded the Porter cup for proficiency in athletics at the University of Alabama this year.

## Seek Valley Track Crown

Here is Appleton high school track and field squad which tomorrow afternoon will seek the 1932 Valley conference track and field crown at George A. Waiding field. The Orange this year has a large, well balanced squad that has successfully competed in several triangular and dual meets. Tomorrow's contest is expected to be a race between Oshkosh and Appleton for first place honors, the other schools bringing up the rear.

## Roosevelt Junior High Students Hold Field Day; Faculty Ball Team Wins

THE sixth annual field day at Roosevelt Junior high school was held yesterday and included contests in various sports with a track tournament topping off the day. The programs were started in 1926 by Coach William Pickett and have been carried on annually with increasing interest.

Yesterday's program opened at 8:45 with a baseball classic which showed the ninth graders and the junior high faculty. The teachers enjoyed matters for a defeat last year by turning in a 6 and 4 win. Barter for the faculty were Pickett and Gardner, for the ninth grade, Williams and Bauers.

The lineups follow:

	R.	H.	E.
Barlow	1	0	0
Pickett	1	2	0
Clough	1	2	0
Wilson	1	2	0
Ritter	0	0	2
Williams, J.	0	0	2
Johnson	1	2	0
Refke	1	2	1
Oosterhaus	0	0	2
Ninth Grade	6	11	5

Snell, East; Schlavski, West and Leitzke, Oshkosh have done better than 10 feet, 6 inches in the pole vault. Johnson, De Young and Mortell of Appleton all tied for first place at Oshkosh, at 10 feet six inches.

Malchow In High Jump Malchow's 5 feet 9 inches at the Marinette relays stamps him as one of the high jumpers, but Flaherty, West; Daniels, Oshkosh; Schlavski, West; Ducion, West or Mortell, Appleton, may have their day and beat him.

## BROWN, BETTS GREAT HELP TO BOSTON BRAVES

Rookie and Veteran Are Among Leading National League Pitchers

BY GAYLE TALBOT Associated Press Sports Writer BARRY BROWN and HUCK BETTS of the bouncing Boston Braves, a youngster of 23 and a veteran of 33, are putting on one of the greater pitching acts seen in the National or any other league in recent years.

A club that can pick up one winning rookie in this day of keen competition is doing pretty well, but here Manager Bill McKeechne has found a pair who look like world-beaters. Each has contributed five victories to the Braves' pennant fight. Neither has met defeat, and they are tied for the pitching leadership of the National league.

Bett Had Been Failure What makes their work even more impressive is the fact they have burst on the scene with little or no fanfare. Pre-season duels, scarcely mentioned either Brown, the husky kid from Birmingham, or Betts, who years before had been a failure previously with the Phillies.

Brown has been particularly potent. He has been beating the Dodgers four times. Twice he has limited Max Carey's pupils to four hits and again to five. His second four-inning was achieved yesterday, when he clipped the Dodgers, 5 to 1, in the second game of a double-header after Brooklyn had beaten Seals' Seabold, 6 to 1, in the first.

Black Wilson's seventh home run as a Brave was out in the ninth deprived him of a shutout. The Braves, however, lost ground to the leading Chicago Cubs, who beat Pittsburgh, 9 to 5. The only other game scheduled, the Phillies at New York, was rained out.

Lefty Gomez rang up his ninth victory against one defeat as the Yankees trimmed the Athletics, 5 to 1. The Canadian beat the A's for the fourth straight time, kept eight hits widely spaced and struck out 10 batters.

Nats Win Two Washington strengthened its hold on second place in the American with a double win over the floundering Boston Red Sox, 6 to 4 and 5 to 1. Monte Weaver won his eighth victory in the opener and Lefty Burke pitched some nice ball in the nightcap.

The St. Louis Browns bunched two doubles and three singles with a base on balls in the third inning and score four runs off Al Thomas and beat the Chicago White Sox, 4 to 2. Cleveland's scheduled doubleheader at Detroit was rained out.

## K. OF C. WALLOPS EAGLE SOFTBALLERS

Thursday night the Knights of Columbus team in the Fraternal Softball league defeated the Eagles by the score of 25 to 6. The game started like a real contest but after several innings turned into a rout for the Knights. Crabbe, Steinberg, and Schaefer led the hitting with three each for the K. of C. and Boisen of the Eagles got three hits besides picking the last two innings. Newland and Steinberg were the battery for the Knights, and Sorensen and Verkaelen started for the Eagles. Last night's victory gives the K. C.'s a 50 per centage with two wins and two losses.

## GUARDSMEN POUND JACOBSON, PRINTERS LOSE BY 13-3 COUNT

Muenster and Syl DeYoung Batting Stars for the Winners

C. O. D. softballers last night turned in the kind of game they are capable of when they beat the Printers 13 and 3 in a swiftest at Pierce park. The Printers entered the game a bit over confident and never were the same after the Guards shoved five runs over the plate in the opening inning.

The Guardsmen coined 15 hits during the course of the game while Wally Klein and Marvin Green held the Printers to four hits. Jacobson and Harman toiled for the Printers, the feature of their efforts being Jacobson's attempt to catch both Muenster and Syl DeYoung.

The Guardsmen scored five runs in the first frame, one in the second, two in the third and again in the fourth, and three in the fifth. The boys then got so tired they decided to call it enough for one day.

The box score.

## Retires

Sacramento, Calif. —(P)—After 14 years in the ring and 37 fights Young Jack Thompson, former welterweight champion has retired from boxing to follow a business career.

Twice holder of the title, Thompson said last night the fight game held nothing in the future for him, and announced he would devote his time to his property affairs in Los Angeles.

The Negro won the welterweight crown from Jackie Fields, then lost it to Tommy Freeman of Cleveland. In a return bout Thompson regained his championship, but later lost it to Lou Brouillard. Fields then defeated Brouillard. Thompson won his final bout against Leonard Bennett at Seattle last week.

TAIT LITTMAN TO TRY RING COMEBACK Milwaukee —(P)—Blond Tait Littman of Cudahy Tuesday night will attempt a comeback after a six months layoff when he meets Ross Rosales of Chicago in the main event of a boxing card here.

Prince Saunders, Chicago Negro, and Charley Crocker, Iron Mountain, Mich., meet in the semi-main event. Other bouts include one between George Black, Milwaukee, and Ernie Kath, Sheboygan.

WEEK'S SCHEDULE Friday — Power vs. Outagamie-Kloehn.

EVERYTHING went wrong for the Appleton Machine company softball team last night and today there is no team undefeated in the American league.

Frank Schwandt's slow ball was plastered all over Roosevelt field last night and to top things off his mates erred six times, a little feat they won't do again in many a moon. And that, in brief, accounts for the fact the Tuttle Press company copped a 5 and 3 decision from the Machines.

Orville Struts opposed Schwandt on the mound and whiffed seven batters and walked four. He allowed four scattered blows.

The Machines took a two run lead in the first of the first frame when two errors and a walk and fielders' choice resulted in tallies. Tuttle Press came back with one run in the inning.

The Pressmen pulled in front in the last half the second inning with two runs and made the score 4 and 2. Things then were quiet until the sixth frame when each of the clubs scored a run and coasted through to the finish.

This week's schedule will close tonight when the Power company and the Outagamie-Kloehn teams perform. Next week's card opens with a postponed battle between the Outagamie-Kloehn and the Appleton Machine company.

Paul T. Oehert in charge. Interment was in the Lutheran cemetery.

Pall bearers were Hollis Whitman, Edward Knox, William Haas, Bert Brenstke, Gordon Ludtke, and Lester Ludtke.

Born in Seymour he came to Kaukauna in 1918. While residing here he attended Park public school and Kaukauna high school.

Survivors are three sisters, Mrs. Van Gompel, Elsie, Kaukauna; Nora, Milwaukee; four brothers, Arnold, Ed, Fred, Kaukauna; and William of Cudahy.

## LUTHERAN SOFTBALLERS MEET APPLETON TEAM

Kaukauna—Kaukauna's Lutheran softball team will engage the Mount Olive Lutheran team of Appleton on the local diamond Sunday afternoon. The Hawks have defeated the Appleton team once this season. With a record three victories and one defeat, the local team should finish in the first division in the Fox River Valley Lutheran league. The circuit is operating on a revised schedule with the withdrawal of the Clintonville and Manawa teams.

## FINAL EXAMINATIONS FOR SENIOR CLASS

Kaukauna—Seniors of the high school started writing their final examinations Thursday afternoon. The examinations were to be completed Friday morning. Other students of the high school will receive their final exams on Tuesday and Wednesday of next week. Plans have been completed for commencement exercises next Friday evening. All students of both public and parochial schools are receiving their final examinations next week.

## BALL CLUB TO RAISE PENNANT NEXT SUNDAY

Kaukauna—Plans have been completed by officials of the Kaukauna baseball team for raising the pennant won in Fox River Valley league competition in 1934. The pennant will be raised Sunday when the Kaws engage Shawano at the local park. Mayor B. W. Fargo and John W. Lowe, Kaukauna's oldest resident, will take part in the ceremonies. Music will be furnished by the Kaukauna high school and the city bands.

## WEYENBERG MEATS LOSE AT SOFTBALL

Kaukauna—Weyenberg Meats dropped a 3 to 2 decision to the Ludtke Specials, leaders of the city softball loop, on the Park school diamond Thursday evening. Weyenberg's led up to the last few frames, when the legus leaders took advantage of a crippled lineup to score the winning runs. Service Laundries and the Eagles postponed their game to Friday evening. The game will be played on the city playground diamond.

## FRACTURES FINGER IN SOFTBALL GAME

Kaukauna—John Conlon fractured a finger on his left hand in a collision with another player during the Ludtke Special-Weyenberg Meats softball game on the Park school diamond. Conlon received the fractured finger when he collided with Lester Ludtke of the Ludtke Specials as Ludtke slid into second base. It was the second accident in as many days, Robert Main receiving a lacerated cheek in Wednesday evening's game.

## GUN CLUB MEMBERS PLAN SUNDAY SHOOT

Kaukauna—Kaukauna Gun club will stage a shoot at the local trap next Sunday morning. The shoot is being held in preparation for the next shoot of the Northwestern Wisconsin Trapshooting league in Oconto on Sunday, June 12. Members of the club will participate in the league shoot.

## POSTAL RECEIPTS FOR MAY SLIGHTLY HIGHER

Kaukauna—According to the monthly report of Adolph Mill, postmaster, receipts at the local office during May exceeded those of May, 1931, by \$20.45. The receipts showed a decrease of \$16 under April. Rural mail boxes have been repaired and painted. They were inspected last month. Some of the boxes were replaced.

## FAVORS OUTDOOR FEEDING OF HOGS

Shiocton Farmer Declares  
Method Proves More Economical

BY W. F. WINSEY  
Shiocton—James Powers has purchased 18 hogs and is rearing them, according to his custom, on sweet clover pasture and whey. He expects to finish the animals with the addition of grain feed.

A few years ago, Mr. Powers bought, reared and fattened 35 hogs on the same kinds of feed. He declared that the outdoor feeding of hogs is much more economical than pen rearing and fattening.

Mr. Powers has an excellent stand of volunteer sweet clover in a 12-acre field this spring. Two years ago he raised sweet clover in the field and last year a crop of cabbage. The sweet clover did not show up again till this spring. Mr. Powers expects to plow his stand under and use it as green manure for the raising of a second crop of cabbage in the field.

His explanation of the volunteer crop is that some of the sweet clover two years ago went to seed, shelled out, and was plowed under. As a large part of the seed was hard and impervious it did not germinate until the field was plowed the second time and the seed was returned to the surface.

A number of farmers are reporting that they have volunteer crops of sweet clover this spring and all are delighted as pastures and hays are thin and short.

## LEGION POST MEETS NEXT TUESDAY NIGHT

Kaukauna—Kaukauna Post No. 41, American Legion, will meet in their clubrooms on Oak st. next Tuesday evening. A report of the joint county council meeting of the Oconto and Oconto-co councils will be heard. Further discussion of plans for a July 4 celebration to be staged here by the Legion will be discussed.

## PLANTS EMERGENCY HAY, PASTURE CROPS

BY W. F. WINSEY  
Sherwood—With the purpose of getting maximum service from his fields and an adequate supply of hay and pasture for his cattle and other farm animals, Arthur H. Dix, route 1, recovered from the loss of 33 acres of alfalfa on which he had sowed \$125 worth of seed, ripped up the fields and sowed emergency hays and pastures.

As an emergency hay crop he sowed 18 acres of a mixture of oats, sweet clover, alsike clover, and timothy; one acre of a mixture of soybeans and oats; 4 acres of a mixture of oats and peas; and as an experiment, 3 acres of sweet clover seed, early without a nurse crop. He may plant 2 acres of soybeans, as an experiment, for hay.

His regular grain seedling were 20 acres of oats; two acres of wheat; six acres of speltz and 10 acres of corn.

He plowed nearly all of his old meadows and may plow the balance and continue his planting of emergency crops. His dairy herd consists of 27 head.

Mr. and Mrs. Oral Mercl of Milwaukee have returned to their home after an extended visit with relatives here.
